5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO? ☒ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area? ☐ Yes ☐ No

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

Tree marked O1 on the sketch plan.

I would like permission to fell this tree.

The tree is under 2 metres away from the garage wall. I want to convert the garage into a Gym.

This tree is severely affected by OPM. WE have been advised to avoid being under the canopy which is impossible as the canopy covers almost the entire front garden.

There is significant blockage of natural light into the house.

Severe damage to cars due to sap and bird droppings.

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.
