**HARD LANDSCAPE NOTES:**  
All detailed hard surface information is to be built up to required depths set out by the  
project engineer and reviewed to ensure sufficient construction requirements are  
achieved. For specific build up and kerb requirements to specified products please see  
supplier technical information and relevant BS requirements. All Kerbs and Edging to be  
used when necessary where there is a change in surface. Any additional safety  
attenuation fencing should be confirmed by the drainage and CDM coordinator to ensure  
sufficient safety measures are in place and included within the drainage design  
information.
