-- Select Option -- ▼

Optional DeoBin Odour Absorbing Patches:

☐ Add 3x packs of DeoBin Patches (+ £10.39)

☐ Add 5x packs of DeoBin Patches (+ £14.55)

☐ Add 20x packs of DeoBin Patches (+ £36.41)

Qty:

The Slim Jim is the perfect bin for office environments as it features a large capacity but a narrow profile that takes up less space compared to conventional recycling bins.

- Manufactured from tough and durable Polyethylene
- The bin will not rust, dent, chip or peel
- 87 Litre capacity
- Designed to fit into tight spaces
- Ideal for offices, classrooms, corridors, kitchens and many other locations
- Smooth, easy to clean surfaces
- Available in grey, blue or black

A wide choice of optional lids are available to suit your different recycling requirements along with optional stickers to indicate the waste stream being collected. The lids are interchangeable so if you decide in future to change the waste stream being collected, that is no problem.

Optional [DeoBin Odour Absorbing Patches](#)

Suitable for use with all indoor bins, the Deo-Bin is an eco-friendly, odour destroying bin patch designed to contain and prevent unpleasant odours from escaping into the surrounding area. Ideal for use in the likes of offices, schools, leisure centres and canteens, it incorporates a distinctive carbon laminate with innovative odour neutralising technology.

Offering up to three months protection against bin odours, it is extremely easy to apply through the simple peeling of the self-adhesive patch from the protective backing liner and then sticking it to a cleaned area inside your bin. Supplied in packs of 2.

Specification

Height - mm:

765

Width - mm:

280

Depth - mm:

590

Capacity - Litres:

87

Construction Material:

Polyethylene
