

BIKE SHEDS

[Sheds](#) [Specifications](#) [About Us](#)

Classic Bike Shed

W:2m / D:0.8m / H:1.35m

The Classic works very well in most locations and its low roof makes it an ideal choice for front gardens.

The bikes are loaded in front of each other, making for a compact storage solution. We have designed the Classic to be as compact as it can be. So we recommend that if you have larger sized bikes (Dutch bikes, E-bikes or large mountain bikes) that you order a size up. Eg a 3-bike unit for two larger bikes.
