5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO?	☒ Yes	☐ No
Are you wishing to carry out works to tree(s) in a conservation area?	☐ Yes	☒ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

TPO 131

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).
Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.
E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

SEE NEXT PAGE

The tree is an Ash of approximately 65 feet in height situated in the rear garden of 'Mewburn' in Northgate. It is on the left hand rear boundary adjoining my property.

Large boughs have randomly broken off the tree in recent years which is of concern but more worryingly it's root system has now affected the structural integrity of my garages.(see attached report)

With the owner's consent I wish to have permission to pollard the tree to a third /half of it's current height. I would then monitor the movement on the garage and if considered necessary, ask to be able to remove it completely and replace with a smaller Ash tree or similar.

8. Trees - Additional Information

Additional Information may be attached to electronic communications or provided separately in paper format.

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.
