Dear Mr Johnson,

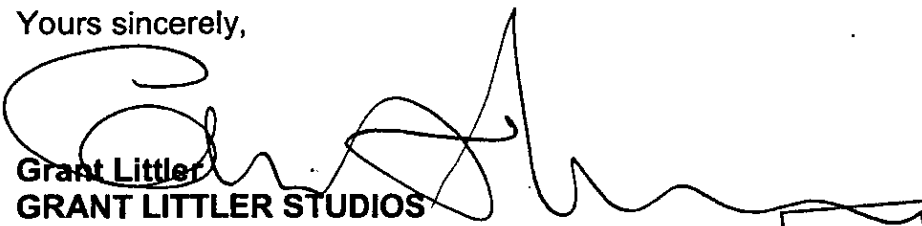

Re: 206 HARLINGTON ROAD, HILLINGDON

Further to our telephone conversation we have now produced revised sketch elevation of the front of the building reducing its height so that it is barely 75cm above the adjoining house.

We have also changed the parapet part of the building which may have caused the elevation to look too vertical. We feel that the building celebrates the corner site. This six unit scheme makes the best use of the land and the steps taken to conform to Hillingdon Councils requirements following the earlier meeting with you

We hope that this amendment will be acceptable. Should your design officer have any further comments we would welcome a meeting with her and yourself.

Yours sincerely,

Grant Littler
