Condition number(s)

Listed here are the items which allegedly differ to the plan:

The position of the velux windows in the loft to the side of the house.

The Door on the Ground Floor is on the side of the house, not the back (this is because of the narrow gap between the wall and an existing timber fence, making impossible disable access).

The window in the kitchen is smaller than the window in the plan.

The window for the first floor 'family bathroom' is different to what was submitted on the plan. The original window has been kept.

The bathroom window for the ensuite bathroom - doesn't have a window in the plan.

There was a window shown for the downstairs ensuite but this has not been built.

The Standing Seam Zinc material for the new pitched roof of the Rear Extension has been changed with red clay tiles.

The composite cladding for the Loft Dormer is: WPC Composite Slatted Wall Cladding Panel - CLADCO

The timber cladding used on the Rear Extension wall is: Red cedar wood T&G cladding
