Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

[Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.](#)

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
- ☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

[You can use our partner's free online tool to determine if you are exempt and to produce detailed reasons](#)

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Over 25 square metres

Please justify the reason why biodiversity net gain does not apply:

The proposals do not affect an area greater than 25sqm of existing habitat

Note: Please read the help text for further information why developments may be exempt or not in scope.

Details of the pre-application advice received

Items requested to be amended for planning application and now included;

- a. Unit 1: confirmed that this is a status quo 'as existing' residential unit with the exception of internal layout improvements.
- b. Unit 2: the juxtaposition of accommodation provides good GFL surveillance from the L/K/D and no issues arising from the rooftop garden being accessible from the bedroom.
- c. Unit 3: the relative positions of the bedroom window and adjacent Unit 4 front door have been adjusted to remove the proximity of the 2 alongside each other.
- d. Unit 2 and 3 rooftop gardens: areas now split exactly 50/50 between the 2 units and external private access up from Unit 3 to their dedicated amenity area now provided. All Units have their own private amenity area with the exception of Unit 1 which is 'as existing'.
- e. Unit 4 GFL: the layout has been flipped so the L/D/K is double aspect on to the courtyard to the right-hand side of the plan.
- f. Unit 4 FFL: the bedrooms / landing are now provided with rooflights to increase ingress of daylight.
- g. Pedestrian Communal Courtyard: detailed landscape design now provided to include soft landscaped buffer areas in front of GFL windows to Units 2, 3 and 4 to ensure unrelated pedestrians aren't too close to these windows and privacy is protected. The scheme also includes attractively designed bin and cycle stores too behind the new infill front boundary gates / wall.
- h. High quality materials are now indicated / specified to the new build areas as part of the planning application.
- i. Parking is provided as existing and access via level thresholds and secure gate. Units are designed to comply with Part M4(2).
- j. Heritage Statement now included.
- k. Section 106 not required.
- l. Site in Flood Zone 1 so no FRA required.

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
