Proposed Front Elevation

Proposed Rear Elevation

Notes:

1) The materials used in any exterior work will be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse.

2) The window/s inserted on the wall or roof slope forming a side elevation of the dwellinghouse will be obscure-glazed, and non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed".

3) The rooflights will not protrude more than 150mm beyond the plane of the slope of the original roof.

Proposed Side Elevation
