4. Description of the Proposed Development

Please describe the proposed development, including relevant information covering the design and external appearance, in particular the impact of the glare on occupiers of neighbouring land:

The solar PV system will be up to 637.56Wp in size installed across the four rooftops (2A, 2B, 9 & 10 - see plan attached) to the east of Horton Bridge Road at the above mentioned site. The installation will be installed via a pitched roof clamp system on the rooftops.

The impact of glare from the solar modules is considered to be minimal as the solar modules are treated with anti-reflective coating to aid the absorption of light to increase cell efficiency. The modules will also be sited on a shallow pitched roof and will therefore not adversely affect the surrounding area.

Please refer to the attached rooftop designs.

Will the solar PV equipment be installed on:

A pitched roof ☒

How much will protrude beyond the plane of the roof? (Measured from the perpendicular with the external surface of the roof slope)

0.1 Metres

A flat roof ☐

What is the highest part of the solar PV equipment above the highest part of the roof? (excluding any chimney)

Metres

What are the measurements from the solar PV equipment to the external edge of the roof?

The design has been produced so that the modules are sited at least 1.0m from all external edges of the rooftop.

5. Checklist

Please read the following checklist to make sure you have sent all the information in support of your proposal. Failure to submit all information required could result in your notification being deemed invalid. It will not be considered valid until all information required by the Local Planning Authority has been submitted. Please note that as part of this procedure, if any objections are received the Local Planning Authority may require submission of further information at a later date.

All sections of this notification completed in full, dated and signed (typed signature if sent electronically).

- ☒ A plan indicating the site and showing the proposed development. A plan drawn to an identified scale will assist the authority in assessing your development proposal. Plans can be bought from one of our accredited suppliers using our [Buy a planning map \(www.planningportal.co.uk/buyaplan\)](http://www.planningportal.co.uk/buyaplan) ☒
