

This is a detailed architectural elevation drawing of a long, single-story industrial building. The building features a prominent green roof with a series of small, white, rectangular skylights spaced evenly along its length. The main facade is composed of several large, light gray bays, each with a small, dark gray door at the base. These bays are separated by vertical gray dividers. On the far left and right ends of the building, there are sections with horizontal gray and white stripes. The building is set against a blue sky with scattered white clouds, and the ground in front is a flat, light gray surface.

An architectural rendering of a long, low-profile building with a green roof. The building features a combination of light grey and dark grey siding. A prominent vertical green wall is located on the left side. Large glass windows are visible on the right side. The building is surrounded by several trees and is set against a blue sky with white clouds.

Architectural rendering of the proposed building facade. The building is a long, low structure with a green roof. It features large windows and vertical greenery. The facade is composed of grey panels and white horizontal stripes. There are three main sections of vertical greenery, each with a small tree in front. The building is set against a blue sky with clouds.
