

Proposed North Elevation

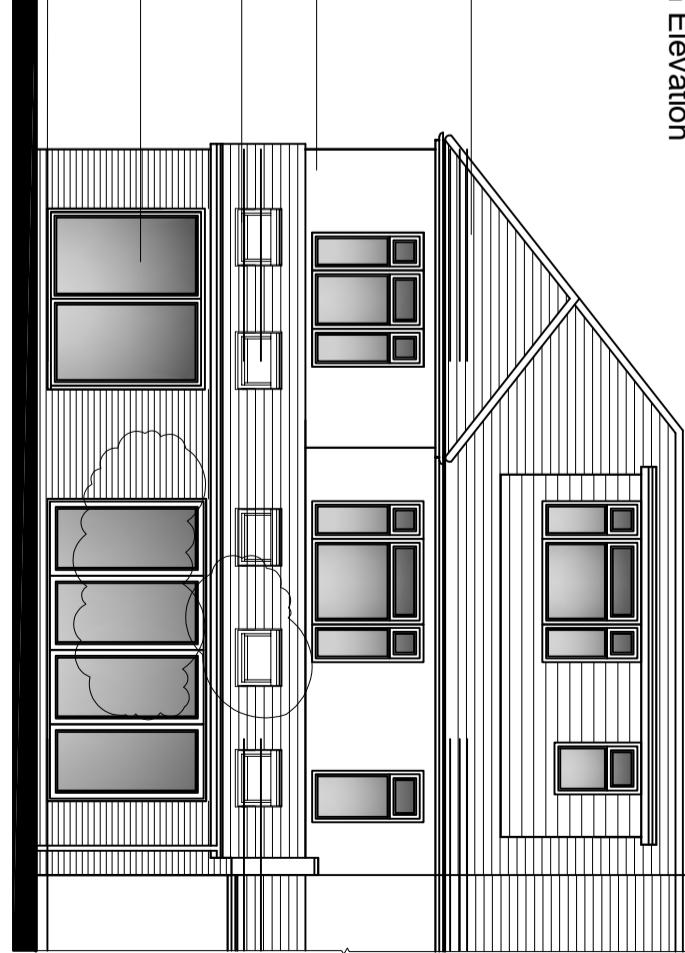

Proposed Front Elevation

The diagram illustrates a vertical cross-section of a building's exterior wall and roof. The wall is composed of several layers: a thin outer layer labeled 'Brick', a thicker layer labeled 'Render', a horizontal band labeled 'Velux roof', and a bottom layer labeled 'Roof tiles'. The roof structure above the 'Velux roof' layer consists of a horizontal band labeled 'Roof tiles' and a vertical support structure labeled 'Roof tiles'.

South Elevation

Proposed Rear Elevation
