"IMG\_20200627\_155539.jpg" - shows the ground around the Ash tree which has fallen dead branches and is a danger to my young children.  
"IMG\_20200627\_155522.jpg" - shows the branches resting on the outhouse building roof.

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is

## 5. Identification of Tree(s) and Description of Works

available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

Common Ash (T10) on TPO384 - crown reduction due to becoming leggy, low hanging branches are resting on an outhouse building and large number of dead branches break off and fall to the ground below making the area unsafe for my children to play. The main stem also has a major branch spanning over the immediate neighbours property causing similar issues.

We have consulted Barritt Tree Specialist who have suggested a 20 to 30% crown reduction and to remove all dead branches which are at risk of falling. The crown reduction will also reduce extended branches over neighbouring properties.

## 6. Tree Ownership

Is the applicant the owner of the tree(s)?

☒ Yes ☐ No

## 7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

## 8. Trees - Declaration

I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☒
