Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

Yes

No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Hip-to-Gable & Rear facing dormer loft conversion with 2 X Velux windows in the front pitch roof.

Does the proposal consist of, or include, a change of use of the land or building(s)?

Yes

No

Has the proposal been started?

Yes

No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The existing property or use of land is a dwelling house (Class-C3) and the proposed use is the same.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Drawing Reference: (ABP-EMR5-01 Sheet Numbers – P-0 to P-11), Cover Letter, Site Plan, Location Plan, Existing Block Plan, Proposed Block Plan, Planning Statement and Evidence to verify application.

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Information about the proposed use(s)

Select the use class that relates to the proposed use.

C3 - Dwellinghouses

Is the proposed operation or use

Permanent

Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The applicant of the property has submitted a Certificate for lawfulness for the extension of the loft space into a rear facing dormer within 50 cubic metres. The calculation for the dormer is within the drawing files and shows that the space created is less than the permitted allowances.

It is due to this that this planning statement is in support of a 50 Cubic metre dormer at the property above given that it is a semi-detached and that permitted development rights are applicable to the development.

The rear facing dormer will meet all the permitted development conditions for loft as it will be under 50 cubic meters created space and 200mm stepback (no less than 20cm) from eaves.
