Description of Proposed Works

Please describe the proposed works

The plan consists of knocking down and replacing the existing conservatory at the rear of the house with a new slightly larger extension. The plans for the extension are shown in the attached documents. The extension will extend out towards the garden by 3.4m with a width of 6.16m. The extension will include a flat roof, slightly pitched for drainage, a solid exterior wall on the east side and full height sliding door glazing on the south and west parts. The space will be used as living space, so no new plumbing, no kitchen or bathroom. The extension will not require any drains to be moved, just changes to the exterior guttering.

Details of the pre-application advice received

I had originally submitted an application for a certificate of lawful development (41224/APP/2023/1421).
I later discovered the property resides within the Ruislip Village conservation area and inquired by email if I still have lawful development rights or whether I need to apply for planning permission.
The response confirmed:
- that permitted development rights apply on 8 Sovereign Close
- that the proposed design and materials do not match the original property materials and so lawful development cannot be approved with this design.
- that I would need to submit a householder application if I wanted to go ahead with the originally proposed design with the rendered walls.
- that the rendered raised flower beds at the front of the property would be taken into consideration in the context of a planning application.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
