Figures

Figure 6.1: Locations of continuous monitors and diffusion tubes near Heathrow Airport	Part 1 of 5
Figure 6.2: Annual average NO ₂ concentrations at continuous monitors and diffusion tubes, 2019 (µg/m ³)	Part 1 of 5
Figure 6.3: Contours showing annual mean NO ₂ Without Development concentrations in 2028 (2017 met) (µg/m ³)	Part 1 of 5
Figure 6.4: Contours showing annual mean NO ₂ Without Development concentrations in 2028 (2018 met) (µg/m ³)	Part 1 of 5
Figure 6.5: Contours showing annual mean NO ₂ Without Development concentrations in 2028 (2019 met) (µg/m ³)	Part 1 of 5
Figure 6.6: Contours showing annual mean PM ₁₀ Without Development concentrations in 2028 (2017 met) (µg/m ³)	Part 1 of 5
Figure 6.7: Contours showing annual mean PM ₁₀ Without Development concentrations in 2028 (2018 met) (µg/m ³)	Part 1 of 5
Figure 6.8: Contours showing annual mean PM ₁₀ Without Development concentrations in 2028 (2019 met) (µg/m ³)	Part 2 of 5
Figure 6.9: Contours showing annual mean PM _{2.5} Without Development concentrations in 2028 (2017 met) (µg/m ³)	Part 2 of 5
Figure 6.10: Contours showing annual mean PM _{2.5} Without Development concentrations in 2028 (2018 met) (µg/m ³)	Part 2 of 5
Figure 6.11: Contours showing annual mean PM _{2.5} Without Development concentrations in 2028 (2019 met) (µg/m ³)	Part 2 of 5
Figure 6.12: Contours showing annual mean NO ₂ With Development concentrations in 2028 (2017 met) (µg/m ³)	Part 2 of 5
Figure 6.13: Contours showing annual mean NO ₂ concentrations in 2028 (2018 met) (µg/m ³)	Part 2 of 5
Figure 6.14: Contours showing annual mean NO ₂ With Development concentrations in 2028 (2017 met) across the detailed study area (µg/m ³)	Part 2 of 5
Figure 6.15: Contours showing change in annual mean NO ₂ concentrations in 2028 (2017 met) across the detailed study area (µg/m ³)	Part 2 of 5
Figure 6.16: Contours showing annual mean NO ₂ With Development concentrations in 2028 (2018 met) (µg/m ³)	Part 2 of 5
Figure 6.17: Contours showing change in annual mean NO ₂ concentrations in 2028 (2018 met) (µg/m ³)	Part 2 of 5

Figure 6.18: Contours showing annual mean NO ₂ With Development concentrations in 2028 (2018 met) across the detailed study area (µg/m ³)	Part 2 of 5
Figure 6.19: Contours showing change in annual mean NO ₂ concentrations in 2028 (2018 met) across the detailed study area (µg/m ³)	Part 2 of 5
Figure 6.20: Contours showing annual mean NO ₂ With Development concentrations in 2028 (2019 met) (µg/m ³)	Part 3 of 5
Figure 6.21: Contours showing change in annual mean NO ₂ concentrations in 2028 (2019 met) (µg/m ³)	Part 3 of 5
Figure 6.22: Contours showing annual mean NO ₂ With Development concentrations in 2028 (2019 met) across the detailed study area (µg/m ³)	Part 3 of 5
Figure 6.23: Contours showing change in annual mean NO ₂ concentrations in 2028 (2019 met) across the detailed study area (µg/m ³)	Part 3 of 5
Figure 6.24: Contours showing annual mean PM ₁₀ With Development concentrations in 2028 (2017 met) (µg/m ³)	Part 3 of 5
Figure 6.25: Contours showing change in annual mean PM ₁₀ concentrations in 2028 (2017 met) (µg/m ³)	Part 3 of 5
Figure 6.26: Contours showing annual mean PM ₁₀ With Development concentrations in 2028 (2018 met) (µg/m ³)	Part 3 of 5
Figure 6.27: Contours showing change in annual mean PM ₁₀ concentrations in 2028 (2018 met) (µg/m ³)	Part 3 of 5
Figure 6.28: Contours showing annual mean PM ₁₀ With Development concentrations in 2028 (2019 met) (µg/m ³)	Part 3 of 5
Figure 6.29: Contours showing change in annual mean PM ₁₀ concentrations in 2028 (2019 met) (µg/m ³)	Part 3 of 5
Figure 6.30: Contours showing annual mean PM _{2.5} With Development concentrations in 2028 (2017 met) (µg/m ³)	Part 4 of 5
Figure 6.31: Contours showing change in annual mean PM _{2.5} concentrations in 2028 (2017 met) (µg/m ³)	Part 4 of 5
Figure 6.32: Contours showing annual mean PM _{2.5} With Development concentrations in 2028 (2018 met) (µg/m ³)	Part 4 of 5
Figure 6.33: Contours showing change in annual mean PM _{2.5} concentrations in 2028 (2018 met) (µg/m ³)	Part 4 of 5
Figure 6.34: Contours showing annual mean PM _{2.5} With Development concentrations in 2028 (2019 met) (µg/m ³)	Part 4 of 5
Figure 6.35: Contours showing change in annual mean PM _{2.5} concentrations in 2028 (2019 met) (µg/m ³)	Part 4 of 5
Figure 6.1.1: Modelled receptors	Part 4 of 5

Figure 6.1.2: Modelled receptors in Longford	Part 4 of 5
Figure 6.1.3: Modelled receptors in Stanwell	Part 4 of 5
Figure 6.1.4: Modelled road network	Part 5 of 5
Figure 6.1.5: Modelled construction traffic routes and receptors	Part 5 of 5
Figure 6.1.6: Example 0.5 km x 0.5 km receptor cell and corresponding explicitly modelled roads	Part 5 of 5
Figure 6.1.7: Modelled car park emission sources	Part 5 of 5
Figure 6.1.8: Monitors used in the model verification	Part 5 of 5
Figure 6.4.1: Locations of diffusion tubes for project-specific survey in Longford	Part 5 of 5
