

Architectural drawing of a house with a 1.8m fence. The drawing shows a side elevation of a house with a gabled roof. The house has a central entrance with a small porch, flanked by windows. There are several other windows of varying sizes, including a large window on the left side. A fence is shown in the foreground, with a dimension line indicating a height of 1.8m.

Technical drawing of a building facade. The drawing shows a gabled roof structure with a central section and two side sections. The central section has a gabled roof with a peak. The side sections have a lower, flat roof. The central section has two windows, each divided into four panes. The side sections have a single window each, also divided into four panes. The entire structure is shown against a background of a brick wall. The drawing is labeled '3.4m' at the top, indicating the height of the structure. The drawing is oriented vertically on the page.

1.8m
Fence

Parapet back

This elevation drawing shows the rear of the house. It features a gabled roof with a chimney on the left side. The wall has several windows, including a large multi-paned window on the left and two smaller windows on the right. A 1.8m fence is indicated at the bottom, and a label 'Parapet back' points to the roofline.

A line drawing of a building facade. On the left, a staircase with a railing leads up. The railing is composed of a series of vertical balusters and a horizontal handrail. The staircase is positioned against a wall. To the right of the staircase is a large, rectangular window. The window is filled with vertical lines, suggesting a pattern or texture. The window is set into a wall that has a diagonal line running across it, possibly representing a structural element or a shadow. The overall style is minimalist and architectural.
