Viking

Lincat Silverlink 600 Twin Free Standing Electric Fryer

Viking Number Q29-6170427

With thermostatic control and fail-safe top temperature cut out to maintain accurate oil temperature and safe operation

Silverlink 600 catering equipment delivers quality and capacity. It's also easy to clean, safe and simple to use. All units are 600mm deep to make optimum use of available kitchen space. The Silverlink 600 Fryer has front mounted controls to ensure safe working practice, and a hinging element with safety cut out to provide easy access for cleaning the tank. Heavy duty double nickel plated spun wire baskets, batter plates and stainless steel lids are supplied as standard.
