### Conclusion

Cumulatively, the development proposal, by reason of its size, scale, bulk, massing and design would appear as an unsympathetic, disproportionate and incongruous form of development that would fail to harmonise with or be sympathetic to the architectural composition of the original dwelling, and would be detrimental to the character, appearance and visual amenities of the street scene.

Any application brought forward would need to clearly demonstrate that there would no adverse impact on neighbours amenity. Based on the current details, there are concerns the scheme may cause overbearing and potential loss of light. Further information would need to demonstrate this is not the case.

In addition, Highways have raised concerns regarding the size of the double garage.

As discussed in the pre-application advice meeting, there is scope for modest extensions, however, the scheme needs to be rationalised and revised

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
