Materials

Does the proposed development require any materials to be used?

- ☒ Yes
- ☐ No

Please provide a description of existing and proposed materials and finishes to be used (including type, colour and name for each material) demolition excluded

Type:

External walls

Existing materials and finishes:

The existing building comprises: - Red brickwork - Ashlar details (porch, corbels, window framing etc.) - Half timbering with render infill to part First and second floor These will all be maintained

Proposed materials and finishes:

The new elements of the building will be timber clad: - Entrance screen - painted timber panels - Lift shaft - dark stained or treated lapped boarding

Type:

Roof covering

Existing materials and finishes:

The existing building has a pitched roof clad in plain, red, clay tiles

Proposed materials and finishes:

The new extension and the lift shaft will have a dark gray zinc clad roof and gutters Part of the roof over the new Reception area will have an area of sedum covering

Type:

Rainwater goods

Existing materials and finishes:

The existing building has a mixture of cast iron and UPVC rainwater good

Proposed materials and finishes:

The rainwater goods to the main building will all be refurbished or replaced in cast iron to match the original sytle. The rainwater goods to the new extension will be in dark zinc to match the roof

Type:

Windows

Existing materials and finishes:

Existing windows are in a mix of styles: A Directly glazed leadlight window within a stone frame B Sliding Sash Window C Casement window with fanlight (timber frame, metal casement) D Metal Casement window E Directly glazed metal frame window F Fixed Casement Window (barred) G Side hung casement with bottom hung top light Window H Fixed with Fanlight Window These will generally be restored although 2 will be converted in matching style and materials to provide additional exits and two others will be opened up to provide access to the lift

Proposed materials and finishes:

The windows to the new Reception area will be high performance fixed and casement windows in painted timber See separate Window and Door Schedule

Type:

External doors

Existing materials and finishes:

External doors are in timber, both original and modern: - Main front double doors in porch in stained timber (Murray Road). To be retained and restored - Side door (Maxwell Road) - painted panel and glazed. To be retained and restored - Rear access doors - painted steel security doors. To be replaced with panelled timber doors See separate Window and Door Schedule

Proposed materials and finishes:

New access doors on Murray and Maxwell roads will be high performance panelled and glazed in painted timber to match existign adjacent windows The doors to the new Reception area will be high performance panelled and glazed in painted timber

Type:

Ceilings

Existing materials and finishes:

Access ceilings with fibre panels are present throughout the existing building. These will be removed There are no cornices or other plaster mouldings

Proposed materials and finishes:

Plaster ceilings above the access ceilings will be restored wherever possible. In some cases it will be necessary to introduce a new, lower plasterboard ceiling to conceal services and/or insulation. The ceiling in the new Reception area will be in plain painted plasterboard

Type:

Internal walls

Existing materials and finishes:

Internal walls are predominantly masonry (brick) construction and, where original to the building as first built, the great majority will be repaired and maintained - see drawings The finish on many walls has deteriorated since the building was abandoned by the Police and will need to be removed and restored

Proposed materials and finishes:

Walls in the new Reception area will be a mixture of the existing brickwork of the retained building repaired and restored with new partition walls (i.e. to the Office and accessible WC) in plasterboard. Toilets and WCs will be fitted with tiles and splashbacks See separate Room by room finishes schedule

Type:

Proposed materials and finishes:

The front room floor to be repaired and restored Ground floor - Floating, heated, timber floors to be installed elsewhere with screeds laid on a separating layer in service areas. First floor - Floating t&g boards to be laid on existing boards. Carpet/timber/sheet floors over. See separate Room by room finishing schedule

Type:

Internal doors

Existing materials and finishes:

Doors are a mixture of a few original panelled doors and mainly modern flush doors. All doors are painted with the exception of the stained inner porch door (to be restored) The original doors will be retained and re-used wherever possible, not necessarily in the same locations The modern flush doors may get re-used in a few locations but the majority will be replaced by panelled fire doors to match the original ones

Proposed materials and finishes:

New Edwardian style panelled fire doors (painted) to replace flush doors etc. See separate Door and window schedule

Type:

Boundary treatments (e.g. fences, walls)

Existing materials and finishes:

Half height picket fence in Arts & Craft style to front boundary line outside hedge at the back of pavements on Murray and Maxwell roads to be repaired and restored with gates replaced where missing or as necessary. 6ft timber close boarded gates (set back) on Murray Road in poor condition and to be replaced 6ft rear close-boarded perimeter fence around back of site. In poor, but repairable condition, with broken rails etc. To be repaired and treated

Proposed materials and finishes:

New timber gate to match existing to provide pedestrian access to car park from Maxwell Road New vertical bar steel gates into car park from Murray Road. To be kept open in working hours and locked at night. Adjacent matching pedestrian gate. New close boarded timber fence on inside of hedge to garden areas to provide safety and security for children using the nursery

Type:

Lighting

Existing materials and finishes:

There are almost no original lighting fittings - possibly only the Police 'Blue' lamp and teh Call post (both to be restored and retained). Externally a wide range of modern bulkhead and security spot lights have been attached to the walls of the building - all to be removed Internally light fittings are predominantly fluorescent fittings in or below the access ceiling grid (all to be removed)

Proposed materials and finishes:

New luminaires to be warm white LED fittings able to give the appropriate level of light for their setting. All light fittings to be selected for their setting. Externally carpark and garden lights to be mounted on walls and fences low to the ground and hooded to give low light spillage. To be controlled by timers and daylight sensors to avoid excessive out of hours lighting. Additional security lights to be installed activated by intruder sensors. Internally mainly ceiling lights will be used to give controllable bright light in learning rooms and lower levels elsewhere.

Type:

Vehicle access and hard standing

Existing materials and finishes:

Asphalt

Proposed materials and finishes:

Car parking area - asphalt with road parkings Pedestrian areas/paths - permeable block paving

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No
