Thanks, Jamie. As you say, this needs to go via the case officer, and so I will forward your email on and await their instruction.

Best regards

Chris Wood
Associate Director, Acoustics

Anderson Acoustics - *an employee-owned company*

Good morning Bhupinder, Chris,

Please find the revised report attached. Bhupinder as requested I have cc'd Chris in to this email however you may need to send this to the planning department at the council first before Chris will review the revised version as I guess he has to agree terms with them for the work he does on their behalf.

We have updated the report with a ventilation scheme and an air conditioning scheme to enable appropriate ventilation and prevention from overheating whilst enabling the windows to remain closed.

The external AC units have been assessed via BS4142 assessment and this indicates low impact provided the recommendations within the report are followed.

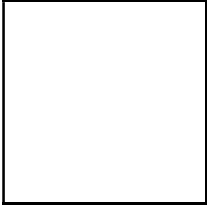

Kind regards

Jamie

Acoustic Consultant
