

PRIOR TO THE COMMENCEMENT OF ANY WORKS.  
THE BUILDER IS TO CHECK AND/OR DETERMINE  
ALL CONSTRUCTION DETAILS, INCLUDING CHECKING  
EXISTING SITE LEVELS AND DIMENSIONS.

This architectural floor plan illustrates the layout of a house. The central feature is a staircase leading to an upper level. The main entrance is located on the left side, leading into the Entrance Hall. To the right of the entrance is a W.C. (Water Closet). Further to the right, a central corridor leads to the Family Area, which contains a sofa set. From the Family Area, a doorway leads to the Dining room, which is furnished with a large dining table and chairs. To the left of the central corridor is the Kitchen, and to the left of the Kitchen is the Utility room. On the far left, a Porch is accessible. The Living Room is a large space located on the left side of the entrance hall. The entire floor plan is enclosed by a thick grey border, and the rooms are separated by thin black lines. Blue highlights are used to indicate the central staircase, the entrance area, and the base of the central corridor.
