User Instructions

Tick boxes to indicate that the written information has been issued to the user

I/We the undersigned declare that the occupier* of the dwelling (or owner in the case of a house in multiple occupancy) has been provided with written information about essential aspects of the operation and maintenance of the system, as follows :

Operation of the system <input checked="" type="checkbox"/>	Routine testing of the system <input checked="" type="checkbox"/>	Checking the system on reoccupation of the dwelling after a vacation etc. <input checked="" type="checkbox"/>
Action to be taken in the event of an alarm signal <input checked="" type="checkbox"/>	Servicing and maintenance of the system (including intervals at which any batteries should be replaced) <input checked="" type="checkbox"/>	The need to avoid contamination of detectors by paint <input checked="" type="checkbox"/>
Avoidance of false alarms and action in the event of a false alarm <input checked="" type="checkbox"/>	The need to keep clear space around all detectors and manual call points <input checked="" type="checkbox"/>	As-fitted drawing <input checked="" type="checkbox"/>
Warning that apparent false alarm from carbon monoxide detector may not be false alarm N/A	Special precautions relevant to any lithium batteries used in the system N/A	

*In the case of a newly-built property and where the future occupier is unknown, the User Instructions should be issued to the builder for onward transmission to the purchaser together with the related electrical safety certificate.

Certificate of Design, Installation and Commissioning

We, being the person(s) responsible (as indicated by our signature(s) below), for the design, installation and commissioning of the fire alarm system, particulars of which are set out above, CERTIFY that the said work for which We have been responsible complies to the best of our knowledge and belief with the recommendations of BS 5839: Part 6 for the system described above, except for the variations, if any, stated below:

Variations(if any)

The extent of liability of the signatory / signatories is limited to the work described above as the subject of this certificate.

For the design, installation and commissioning of the system:

This certificate has been reviewed by the Qualified Supervisor:

Name: Hubert Szewczyk

Name: Bruce Martin

Signature: *Hubert Szewczyk* Date: 25-04-16Signature: *Bruce Martin* Date: 25-04-16

Details of Approved Contractor

Trading title: Ardmore Construction Limited

Address : Byrne House Jeffreys Road
Brimsdown, MiddlesexNICEIC Enrolment No 016730
(Essential information)
Branch Number (If Applicable) 001

PostCode: EN3 7UB

Note 1. The electrical safety aspects of the fire detection and alarm system must also be certified in accordance with BS 7671: 'Requirements for Electrical Installations' by issuing an electrical safety certificate of a form which meets the requirements of BS 7671 such as a 'Domestic Electrical Installation Certificate' or, where appropriate, a 'Minor Electrical Installation Works Certificate'.

Note 2. An instrument complying with BS EN 61672, Class 2, with slow response and A weighting (see clause 13.2), is suitable for measuring the sound level.

Note 3. This certificate may be required by an authority responsible for enforcement of fire safety legislation, such as the building control authority or housing authority. The recipient of this certificate might rely on the certificate as evidence of compliance with legislation. Liability could arise on the part of any organisation or person that issues a certificate without due care in ensuring its validity.
