ALL dimensions MUST be checked on site prior to works commencing. Variations in squareness, depth of plaster etc., must be checked for. Where new walls are shown as aligned with existing walls, this must be checked by the physical removal of brickwork and or plaster to establish the actual position of the wall being attached to.

Site to be used only for the demolition / construction of the proposed works, which is to be protected at all times along with adjacent properties, not forming part of the works.

Care must be taken at all times to ensure that any works on the supply of all services into / from property [IE electricity, water, gas, BT / foulwater surfacewater drainage) does not, at any time interfere with the supply of services into / out from the adjacent properties, is not affected, if this proves not to be the case, then the Contractor is to fully advise properties affected, as soon as problem is known, and is to negotiate with adjacent properties regarding any appropriate action that may be required.

Prevent smoke, dust, fumes, spillage, & other harmful activities. No fires to be allowed on site, at any time, noise levels to be kept to a reasonable level, complying with BS 5228, 'Noise control on construction sites' remember that the adjacent properties are occupied, and comply with all reasonable requests from the general public / neighbours regarding the use of power tools etc.,
