Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

The parapet has been built slightly higher to comply with subsequent Building Regulation requirements, hence the need for the retrospective application to regularise the situation. It is only marginally higher and therefore has no material impact on the design of the building and the wider street scene.

Secondly, the utility room external door has been omitted from the scheme.

If you wish the existing condition to be changed, please state how you wish the condition to be varied
