

## Materials 20A Frithwood Avenue

- **All external walls** (this includes house and garden wall): Wienerberger Warnham Red Stock. Picture below shows brick sample against the neighbouring building. Texture, size, and colour fit well with the surroundings. We will also ensure the brick bond is also in a similar colour to main building.

- **Roofing:** Marley Acme Single Camber Plain Tile Mixed Brindle.

- **Glazing:** Internorm triple glazed with frames that are internally made of wood and externally dark grey aluminium. Pictured: Internorm sliding patio doors.

- **Dormers:** lead cladding, below image of dormer completed by DR Construction, the firm that will be carrying out our construction work

- **Roofing over front door:** lead cladding
