

This architectural elevation drawing shows a two-story house. The roof is gabled, with a chimney on the right side. The main body of the house has a stippled texture. There are two windows on the upper floor, each consisting of three panes. Below the left window is a sunroom with a peaked roof and six vertical glass panes. A vertical dashed line on the left indicates a section cut, with a small rectangular detail shown at the top. The drawing is framed by a thick horizontal line at the top and bottom, and a vertical line on the right.

An architectural line drawing of a house's exterior. The house features a gabled roof with a chimney on the right side. The main wall is covered in a stippled texture. There is a central front door with a small porch, two windows with multiple panes, and a small porch on the left side. The drawing is a black and white line art style.

This architectural elevation drawing shows a house with a gabled roof. On the left, there is a sloped section with a height dimension of 2690. The main part of the house has a height dimension of 3650. The facade features a door at the bottom center, two windows (one above the door and one to the right), and a chimney on the right side. The roof has a decorative horizontal line pattern in the gable. The entire drawing is rendered in black lines on a white background.

Technical drawing of a building facade. The structure features a gabled roof. The left portion of the facade is a textured wall, while the right portion is a smooth wall. A vertical dimension line on the right side indicates a height of 3650 units. The roof is divided into two sections by a vertical line, with horizontal lines on the left section suggesting a different material or structure.
