Christos

We have checked and the sample on site is the Cembrit Westerland Textured Slate 600 x 600mm Graphite. The colour distortion may be due to light reflection from the camera.

The door will be timber, painted.

The rooflight are no longer going to be installed.

Regards

Alan

Dear Mr Gunne-Jones

The roof material looks a bit too green, can you provide details of the graphite grey slate? We also need the specification of the door and the conservation rooflights.

Kind regards
