Details of the pre-application advice received

"Agree the fireplace is of a later date and stone. I'd go for a fairly simple timber mantel to appear in keeping with the character of the cottage but its up to you. No objection to the exposed brickwork. The wood burner isn't particularly an issue but note on any application that you are putting a flue liner down the stack and that there will need to be a cowl on the top of the chimney pot."

"No objection to the bathroom vent."

"From review it would appear that 33a has had all the front windows replaced where as 33 has had the ground floor windows replaced. I'd go with the TimberTherm window options to match the existing in style as they look more in keeping. The glazing patterns should match the existing (6/6 to the front windows). One thing I would mention to them is to remove the horns at the bottom of the sashes as your cottage probably wouldn't have had them originally and similarly the earlier windows in the adjacent property don't have them."

"The only concern with this would be the method of paint removal. So with any app I'd put in your photo and say you will remove the paint. Do not sand blast the paint off as this will damage the face of the brickwork and probably cause more problems for you (damp and brick repairs). I'd recommend using either Doff, Soda blasting or dry ice blasting. (Dry ice blasting is the least messy)."

- (a) a member of staff**
- (b) an elected member**

- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
