SIDE ELEVATION

Please take note that prior to commencing construction, it is the responsibility of builders or the owner to serve party wall notices to all neighboring parties.

Dimensions:
All dimensions should be verified on-site.
The contractor must thoroughly inspect the site before commencing work and report any discrepancies.
The dimensions provided are for guidance purposes only.
The contractor must confirm all boundary positions and dimensions on-site before starting any work, creating workshop drawings, or purchasing materials.

Note: A basic dimension check of the site has been conducted to prepare this scaled drawing. The proposed designs have been provided and approved by the client.

Site supervision is not included unless arranged separately. The drawing does not indicate the extent of any excavation work, and the contractor should determine this before providing a quotation or starting any work.

The drawing does not imply or indicate the structural condition of the existing property. The drawings are prepared solely for assistance in planning and building regulation purposes. No dimension checks have been performed.
