Development: Single storey rear extension

LBH Ref Nos: **58325/APP/2012/1284**

Drawing Nos: Location Plan to Scale 1:1250
1112/01 Rev. A

Date Plans Received: 28/05/2012 **Date(s) of Amendment(s):** 14/07/2012

Date Application Valid: 28/05/2012

1. CONSIDERATIONS

1.1 Site and Locality

The application site is located on the western side of Hartshill Close and comprises a detached single family dwelling set within a 7.5m wide plot situated towards an intersection in the road. The property has been extended by way of a front porch. It has a large rear garden which backs onto the rear garden of another residential property and to the front it has a small garden and driveway.

No. 2, the detached property to the south has been extended by way of a single storey rear conservatory. Due to the location of the site there are no other adjacent dwellings. The rear garden of No. 6 backs onto the side elevation of the application property.

The site is situated within the Developed Area as identified in the policies of the Adopted Hillingdon Unitary Development Plan (Saved Policies September 2007) where the prevailing character of the area is residential, comprising of mainly modern detached properties.

There is not a significant difference in site levels.

1.2 Proposed Scheme

The application seeks planning permission to erect a single storey rear extension across the full width of the property measuring 7.5m wide, 3.1m deep with a sloping roof, 2.2m in height to the eaves and 3.4m in height to the ridge. It would be constructed using matching materials and would have patio windows in its rear elevation.

Internally the extension would provide additional space for the existing living room.

4. UDP / LDF Designation and London Plan

The following UDP Policies are considered relevant to the application:-

Part 1 Policies:

Part 2 Policies:

BE13	New development must harmonise with the existing street scene.
BE15	Alterations and extensions to existing buildings
BE19	New development must improve or complement the character of the area.
BE20	Daylight and sunlight considerations.
BE21	Siting, bulk and proximity of new buildings/extensions.
BE23	Requires the provision of adequate amenity space.
BE24	Requires new development to ensure adequate levels of privacy to neighbours.
HDAS-EXT	Residential Extensions, Hillingdon Design & Access Statement, Supplementary Planning Document, adopted December 2008
LPP 3.5	(2011) Quality and design of housing developments
LPP 5.3	(2011) Sustainable design and construction

5. MAIN PLANNING ISSUES

The main considerations are the impact of the proposal on the character of the existing property and surrounding area, upon residential amenity and private amenity space. As the proposal would not involve an increase in the number of bedrooms, parking provision does not need to be considered in this instance.

Paragraph 3.3 of the HDAS states that single storey rear extensions proposed on detached house should be no more than 4.0m deep. Likewise paragraph 3.7 states that such extensions should be no more than 3.4m in height. This is to ensure that the extension appears subordinate to the main house.

Both in terms of its height and depth, the proposal would accord with the above criteria

and therefore would appear subordinate to the main property. Moreover, the extension would not be visible from the street scene and would be constructed using matching brickwork. As a result it is considered that it would not have a negative impact upon the visual amenity of the site or the surrounding area in compliance with UDP policies BE13 and BE15.

Compliance with the height and depth restrictions as recommended above means that the extension would not harm the amenity of nearby residents through loss of daylight. Also the proposed extension would not be deeper than the existing extension at No. 2.

No side facing windows are proposed which could result in loss of privacy to the neighbouring properties and the inclusion of glazing means that there would be an adequate level of daylight serving the ground floor of the existing property. The development would therefore comply with UDP policies BE20 and BE24.

The extension would leave more than 100 sq.m of rear garden space open and undeveloped, also in accordance with the HDAS.

Overall it is considered that the development would accord with relevant UDP policies.

6. RECOMMENDATION

APPROVAL subject to the following:

1 HO1 Time Limit

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON
To comply with Section 91 of the Town and Country Planning Act 1990.

2 HO2 Accordance with approved

The development hereby permitted shall not be carried out except in complete accordance with the details shown on the submitted plans, number 1112/01 A

REASON
To ensure the development complies with the provisions of the Hillingdon Unitary Development Plan Saved Policies (September 2007) and the London Plan (July 2011).

3 HO4 Materials

The materials to be used in the construction of the external surfaces of the development hereby permitted shall match those used in the existing building and shall thereafter be retained as such.

REASON
To safeguard the visual amenities of the area and to ensure that the proposed development does not have an adverse effect upon the appearance of the existing building in accordance with Policy BE15 of the Hillingdon Unitary Development Plan Saved Policies (September 2007).

INFORMATIVES

Standard Informatives

1 The decision to GRANT planning permission has been taken having regard to

all relevant planning legislation, regulations, guidance, circulars and Council policies, including The Human Rights Act (1998) (HRA 1998) which makes it unlawful for the Council to act incompatibly with Convention rights, specifically Article 6 (right to a fair hearing); Article 8 (right to respect for private and family life); Article 1 of the First Protocol (protection of property) and Article 14 (prohibition of discrimination).

2 The decision to GRANT planning permission has been taken having regard to the policies and proposals in the Hillingdon Unitary Development Plan Saved Policies (September 2007) set out below, and to all relevant material considerations, including Supplementary Planning Guidance:

Policy No.

BE13	New development must harmonise with the existing street scene.
BE15	Alterations and extensions to existing buildings
BE19	New development must improve or complement the character of the area.
BE20	Daylight and sunlight considerations.
BE21	Siting, bulk and proximity of new buildings/extensions.
BE23	Requires the provision of adequate amenity space.
BE24	Requires new development to ensure adequate levels of privacy to neighbours.
HDAS-EXT	Residential Extensions, Hillingdon Design & Access Statement, Supplementary Planning Document, adopted December 2008
LPP 3.5	(2011) Quality and design of housing developments
LPP 5.3	(2011) Sustainable design and construction

3 You are advised this permission is based on the dimensions provided on the approved drawings as numbered above. The development hereby approved must be constructed precisely in accordance with the approved drawings. Any deviation from these drawings requires the written consent of the Local Planning Authority.

4 You are advised that if any part of the development hereby permitted encroaches by either its roof, walls, eaves, gutters, or foundations, then a new planning application will have to be submitted. This planning permission is not valid for a development that results in any form of encroachment.

5 Your attention is drawn to the need to comply with the relevant provisions of the Building Regulations, the Building Acts and other related legislation. These cover such works as - the demolition of existing buildings, the erection of a new building or structure, the extension or alteration to a building, change of use of buildings, installation of services, underpinning works, and fire safety/means of escape works. Notice of intention to demolish existing buildings must be given to the Council's Building Control Service at least 6 weeks before work starts. A completed application form together with detailed plans must be submitted for approval before any building work is commenced. For further information and advice, contact - Planning, Environment and Community Services, Building Control, 3N/01 Civic Centre, Uxbridge (Telephone 01895 250804 / 805 / 808).

6 You have been granted planning permission to build a residential extension. When undertaking demolition and/or building work, please be considerate to your neighbours and do not undertake work in the early morning or late at night or at any time on Sundays or Bank Holidays. Furthermore, please ensure that all vehicles associated with the construction of the development hereby approved are properly washed and cleaned to prevent the passage of mud and dirt onto the adjoining highway. You are advised that the Council does have formal powers to control noise and nuisance under The Control of Pollution Act 1974, the Clean Air Acts and other relevant legislation. For further information and advice, please contact - Environmental Protection Unit, 4W/04, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel. 01895 250190).

7 The Party Wall Act 1996 requires a building owner to notify, and obtain formal agreement from, any adjoining owner, where the building owner proposes to:
- carry out work to an existing party wall;
- build on the boundary with a neighbouring property;
- in some circumstances, carry out groundworks within 6 metres of an adjoining building.

Notification and agreements under this Act are the responsibility of the building owner and are quite separate from Building Regulations, or Planning Controls. The Building Control Service will assume that an applicant has obtained any necessary agreements with the adjoining owner, and nothing said or implied by the Council should be taken as removing the necessity for the building owner to comply fully with the Party Wall Act. Further information and advice is to be found in "the Party Walls etc. Act 1996 - explanatory booklet" published by the ODPM, available free of charge from the Planning, Environment and Community Services Reception Desk, Civic Centre, Uxbridge, UB8 1UW.

8 Your attention is drawn to the fact that the planning permission does not override property rights and any ancient rights of light that may exist. This permission does not empower you to enter onto land not in your ownership without the specific consent of the owner. If you require further information or advice, you should consult a solicitor.

9 Nuisance from demolition and construction works is subject to control under The Control of Pollution Act 1974, the Clean Air Acts and other related legislation. In particular, you should ensure that the following are complied with: -

A) Demolition and construction works should only be carried out between the hours of 08.00 hours and 18.00 hours Monday to Friday and between the hours of 08.00 hours and 13.00 hours on Saturday. No works shall be carried out on Sundays, Bank and Public Holidays.

B) All noise generated during such works should be controlled in compliance with British Standard Code of Practice BS 5228: 1984.

C) The elimination of the release of dust or odours that could create a public health nuisance.

D) No bonfires that create dark smoke or nuisance to local residents.

You are advised to consult the Council's Environmental Protection Unit, 3S/02,

Civic Centre, High Street, Uxbridge, UB8 1UW (Tel.01895 277401) or to seek prior approval under Section 61 of the Control of Pollution Act if you anticipate any difficulty in carrying out construction other than within the normal working hours set out in (A) above, and by means that would minimise disturbance to adjoining premises.

10 You are advised that care should be taken during the building works hereby approved to avoid spillage of mud, soil or related building materials onto the pavement or public highway. You are further advised that failure to take appropriate steps to avoid spillage or adequately clear it away could result in action being taken under the Highways Act.

11 To promote the development of sustainable building design and construction methods, you are encouraged to investigate the use of renewable energy resources which do not produce any extra carbon dioxide (CO2) emissions, including solar, geothermal and fuel cell systems, and use of high quality insulation.

12 You are advised that care should be taken during the building works hereby approved to ensure no damage occurs to the verge or footpaths during construction. Vehicles delivering materials to this development shall not override or cause damage to the public footway. Any damage will require to be made good to the satisfaction of the Council and at the applicant's expense.
