Description of Proposed Works

Please describe the proposed works

Application to raise the first two boundary fence panels from 2.0m to 2.6m, and add a 300mm trellis to the remaining standard 2.0m fence.

Site Address: 186 Joel Street, HA5 2PE

1. Overview & Context

This statement supports a householder planning application for the shared boundary with 184 Joel Street. Recent developments at No. 184—specifically a rear extension and a 1.0-metre elevated patio along the boundary—have severely compromised the residential amenity, privacy, and acoustic comfort at No. 186.

2. Planning Justification

Overlooking & Privacy: The neighbour's 1.0m raised patio reduces the baseline height of the existing 2.0m fence to an effective 1.0m, causing direct overlooking into ground-floor windows and private garden space. Raising the first two panels to 2.6m restores a standard 1.6m effective screening height relative to the platform. A 300mm trellis across the remaining fence provides soft, supplementary screening.

Acoustic Mitigation: Wide patio doors and hard landscaping at No. 184 create direct noise transfer and reverberation. Using high-density acoustic timber panels (Decibel panels) on concrete posts for the 2.6m section acts as a vital sound baffle.

3. Impact & Conclusion

The height increase is strictly localized to the two panels facing the raised patio, ensuring minimal visual impact. The trellis allows light penetration, preventing overshadowing.

The proposal represents a proportionate response to reinstate baseline privacy under local planning policies. We respectfully request permission be granted.

Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

☑ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.
