Rena Luna stainless steel Towel Radiator 1200mm x 500mm from **JUST RADIATORS** 01772 346933
Product Code RNS-LN5120 Inc VAT Free delivery **£218-00**

Notes for builder

1. Remove existing tiles, replace with new Redland Rosemary tiles to match existing up to the level of the bathroom sill.
2. The front door and window of main house is not to be removed until the new bathroom and hallway is built and secure.
3. Pipe work for radiator, shower, sink and toilet, to be taken from supplies under existing bathroom floor, copper pipe work is to be used and fully insulated through new roof space and chased into walls on drops, roof space fully insulated as to drawings.
4. New roof structure woodwork formed, any insect or water damaged woodwork to be replaced, all new wood treated. New felt under battens, hips and edging tiles mortared into place.
5. Fan, lights and under floor heating electrical supply taken from newly installed distribution box (certificate of compliance no: 25795144) to be run directly under floor space of main house using cable rods to pull cables, low voltage lighting and fan used in wet room.
6. Electrical work to be carried out by Part 'P' self certification scheme registered electrician and certificate of compliance sent to building control .
7. Existing protruding brickwork inside and outside remaining porch to be cut back flush before plastering, rendering etc.
8. Lining duct used to sleeve fan duct, 110mm soil pipe off cut?

Building Regulations Plan Number 58690/FP/2020/35
Conditions of full plans approval The plans have been passed subject to the conditions which are listed below being met:

1. Details of the proposed background ventilation to the new front extension are to be provided prior to commencement.
2. There is to be a minimum of 270mm rockwool provided between and over the new crown roof to the front extension.
3. A minimum if 75mm PIR or 100mm Jablite is to provided to the new ground floor slab
4. All electrical work controlled under Part P (Electrical Safety) must be designed, installed, inspected and tested by a person competent to do so.

Under the requirements of the Building Regulations the person carrying out the work to which the building regulations relate is required to notify the Authority at certain stages during the execution of the work.
