

GARAGE TO BE
DEMOLISHED

BOUNDARY LINE

This architectural floor plan illustrates a house layout. The main entrance is located on the right side. The ground floor features two bedrooms: 'BEDROOM 1' and 'BEDROOM 2', both with built-in wardrobes. A central staircase leads to the upper floor. On the upper floor, there is a 'BATH' with a bathtub, a toilet, and a sink. Two additional storage areas, both labeled 'STORE', are located on this level. The plan also shows three rectangular windows on the ground floor. A blue vertical line on the left side indicates a boundary or a different level.
