Ed and Sarah

To confirm the outstanding queries and allow you to finalise your committee report today, please see below for a summary of the proposed lighting for the PowerHouse:

Lettering – the letters on the roof will not be internally lit but will be up-lit.

Building – it is intended that the building will be up-lit, likely to be via spot lights installed in the pavours on the building edge. The mesh would overhang the lighting.

I hope the above is sufficient, but please advise if the DAS or any drawings needs amending.

Kind regards

Hannah

Hannah Whitney
