Revision	Date	Description
A	01.08.22	Details/specs added as per planning office comments
Important general note This specification is to be used in conjunction with the architectural details, and other associated structural details as may be provided, all work is to be carried out to the local authority planning and building regulations approval, and the codes of practice and British Standards as necessary. All dimensions, levels, sizes, positions and locations of particulars as indicated on drawings are to be verified by the appointed contractor on site prior to any work commencing. Any discrepancies must be reported to the architect/structural engineer in a separate process immediately. The contractor is responsible for ensuring compliance with the rules, regulations, and appropriate health & safety on site procedures. The contractor shall also obtain any necessary party wall agreements, prior to engaging in the work on site. 1. This drawing is copyright and it may not be reproduced in whole or part or used for the manufacture of any article without the express permission of the copyright holders. 2. This drawing is to be used in conjunction with all relevant architect's, service engineer's and drawings and specifications.
