Details of the pre-application advice received

I have now discussed this with my manager, and it is considered that the best course of action would be to submit a Non-material amendment application to vary the condition wording to allow some of the details, including the lighting details, bin store details, and cycle store details, to be supplied prior to commencement of above ground works, rather than prior to commencement of below ground works.

In addition, on reviewing the access arrangements of the original planning application, it appears that there was no access ramp initially proposed, and it was stated that there would be level access. It would also be possible to include the proposed inclusion of the access ramp within the NMA application, assuming that it would not impact any additional trees.

On this basis, I would either be able to keep this application until an NMA application is submitted and decided (subject to an extension of time), or alternatively this application could be withdrawn, and you could submit a new application following completion of the non-material amendment and change to condition wording.

The time frame for the NMA application is 28 days and as you mention below the fee would be £293.00

## Ownership Certificates and Agricultural Land Declaration
