

## **Town and Country Planning Act 1990**

### **GRANT OF PLANNING PERMISSION**

Continuation Sheet No. 3

Ref: 60674/APP/2005/1363

4. Your attention is drawn to the fact that planning permission does not override property rights and any ancient rights of light that may exist. This permission does not empower you to enter onto land not in your ownership without the specific consent of the owner.
5. The Party Wall Act 1996 requires a building owner to notify, and obtain formal agreement from, any adjoining owner, where the building owner proposes to:
  - carry out work to an existing party wall;
  - build on the boundary with a neighbouring property;
  - in some circumstances, carry out groundworks within 6 metres of an adjoining building.

Notification and agreements under this Act are the responsibility of the building owner and are quite separate from Building Regulations, or Planning Controls. The Building Control Service will assume that an applicant has obtained any necessary agreements with the adjoining owner, and nothing said or implied by the Council should be taken as removing the necessity for the building owner to comply fully with the Party Wall Act. Further information and advice is to be found in "The Party Walls etc. Act 1996 - explanatory booklet" published by the DETR, available free of charge from the Planning and Transportation Services Reception Desk, Level 3, Civic Centre, Uxbridge.

6. You are advised that care should be taken during the building works hereby approved to avoid spillage of mud, soil or related building materials onto the pavement or public highway. You are further advised that failure to take appropriate steps to avoid spillage or adequately clear it away could result in action being taken under the Highways Act.
7. Nuisance from demolition and construction works is subject to control under The Control of Pollution Act 1974, the Clean Air Acts and other related legislation. In particular, you should ensure that the following are complied with: -
  - A. Demolition and construction works should only be carried out between the hours of 08.00 hours and 18.00 hours Monday to Friday and between the hours of 08.00 hours and 13.00 hours on Saturday. No works shall be carried out on Sundays or Bank Holidays.
  - B. All noise generated during such works should be controlled in compliance with British Standard Code of Practice BS 5228: 1984.
  - C. The elimination of the release of dust or odours that could create a public health nuisance.
  - D. No bonfires that create dark smoke or nuisance to local residents.
