NOISE MANAGEMENT PLAN

74 Longmead Road, Hayes, UB3 2HG

Proposal: Change of use from a dwellinghouse (C3) to a residential care home for 4 children (C2) with 1 live-in carer.

Risk Assessment Potential noise sources include standard communal living activities and visitor arrivals. However, it is not anticipated that four children and one resident carer will generate noise levels exceeding those of a typical family home.

Mitigation Measures

- **Physical Controls:** High-quality double glazing and acoustic insulation will be maintained on all windows and doors to contain internal sound.
- **Curfews:** Use of the rear garden and will be restricted after 20:00 to protect the amenity of neighboring residents at No. 72 and No. 76.
- **Visitor Management:** All professional visits will be scheduled between 09:00 and 18:00 to prevent evening disturbances
