

Alley.

○ - Tree

Branches of trees are overhanging
59, 57 and on the other side 63, 65
Sawton avenue. Also more than quarter
of the tree has broken off and landed
in 10 Acorn grove, U33 SJH, pictures have
been attached - we have got a lot of
concerned neighbours on either side of our property,
and we are strongly suggesting for the council to
come down and inspect the trees as this tree
is highly dangerous and could be life threatening
for children living in the surrounding areas.
