

An architectural elevation drawing of a building facade. The main structure features a steep gabled roof with diagonal hatching. Two chimneys, constructed with a brick pattern, are positioned on the roofline. The wall below the gable is filled with a dense stippled pattern. To the left, a lower section of the building has horizontal siding. To the right, a small porch with a gabled roof and a brick base is visible. The drawing uses black outlines and various fill patterns to represent different materials.

Floor plan of the first floor. The layout includes a large conservatory at the top, a dining area and reception area on the left, and a kitchen, bathroom, and storage area on the right. A staircase labeled 'UP' is located at the bottom right. The plan includes thick black walls, door swings, and window placements.

This architectural floor plan shows a three-bedroom house. The layout includes a central hall connecting three bedrooms: one at the rear and two on the ground floor. A rear porch is located behind the top bedroom. The plan also shows a staircase, a bathroom, and a kitchen area. Dimensions for the bedrooms are provided: 3000mm by 2100mm for the top bedroom, and 2040mm by 2100mm for the two ground-floor bedrooms. The house is flanked by neighboring properties, and the plan includes center lines (CL) and 45-degree sight lines.

This architectural floor plan shows a rectangular room. At the top, there is a long, narrow rectangular alcove divided into five equal square sections. The main room contains a large, three-sided triangular structure in the center, with its hypotenuse facing the bottom. The triangular structure is filled with horizontal lines. To the right of the triangle, there is a small square feature containing four circles arranged in a 2x2 grid. To the left of the triangle, there is another small square feature containing four circles arranged in a 2x2 grid. The room is bounded by a thick line on the left and right, and a thick line at the bottom. The bottom boundary is labeled 'c.l.' at both ends. The entire plan is set against a background of horizontal lines.
