STATEMENT OF PURPOSE 14 HYDE WAY, HAYES, UB3 4PA

Proposal: Change of use from a dwellinghouse (C3) to a residential care home for 4 adults (C2) with 1 live-in carer.

Mission Statement: The mission at 14 Hyde Way is to provide a nurturing, secure, and dignified environment where adults can achieve their potential and maintain independence. Our approach is "person-centered," focusing on the individual needs of our four residents.

Service Delivery:

- **Holistic Care:** We work collaboratively with social services and health professionals to ensure residents receive comprehensive support.
- **Environment:** By utilizing a high-standard residential property with ensuite facilities and modern extensions, we avoid the institutional feel of traditional care homes.
- **Values:** Our core values are security, opportunity, and personal growth, ensuring every resident is seen, heard, and supported.
