1. CONSIDERATIONS

1.1 Site and Locality

The application property consists of a link detached house located in the north western side of Paddington Close, a cul-de-sac within the developed area of Hayes as identified within the Hillingdon UDP. The property is constructed of brick with a concrete pantile roof. An attached garage, continuing into a front porch is located to the east which links the property to adjacent number 51. The rear garden is flat and enclosed backing onto Wayfarer Road.

1.2 Proposed Scheme

The application seeks planning permission for a single storey part side and rear extension and the conversion of the garage into habitable accommodation. The extension is to be located to the rear of the existing garage, wrapping around the rear elevation, projecting 3m. Two rooflights are proposed to be inserted within the side and rear roofslopes. The proposed side/rear extension would project 1.4m to the rear of the rear elevation of adjacent property No. 51. The ridge height of the extension is proposed to measure 3.6m.

1.3 Relevant Planning History
Comment on Planning History

There is no planning history relevant to the consideration of this application.

2. Advertisement and Site Notice

2.1 Advertisement Expiry Date:- Not applicable

2.2 Site Notice Expiry Date:- Not applicable

3. Comments on Public Consultations

4 neighbouring properties were consulted by letter dated 15.5.12. A site notice was also displayed to the front of the site (exp.12.6). 1 letter of comment has been received to date which advised that whilst no objection is raised to the proposal, consideration should be

given to amenity during construction.

4. UDP / LDF Designation and London Plan

The following UDP Policies are considered relevant to the application:-

Part 1 Policies:

Part 2 Policies:

AM14	New development and car parking standards.
BE13	New development must harmonise with the existing street scene.
BE15	Alterations and extensions to existing buildings
BE19	New development must improve or complement the character of the area.
BE20	Daylight and sunlight considerations.
BE21	Siting, bulk and proximity of new buildings/extensions.
BE23	Requires the provision of adequate amenity space.
BE24	Requires new development to ensure adequate levels of privacy to neighbours.
BE38	Retention of topographical and landscape features and provision of new planting and landscaping in development proposals.
HDAS-EXT	Residential Extensions, Hillingdon Design & Access Statement, Supplementary Planning Document, adopted December 2008
LPP 5.3	(2011) Sustainable design and construction

5. MAIN PLANNING ISSUES

The main issues for consideration in determining this application relate to the effect of the proposal on the character and appearance of the original dwelling, the impact on the visual amenities of the surrounding area, the impact on residential amenity of the neighbouring dwellings, provision of acceptable residential amenity for the application property and the availability of parking.

The proposed single storey rear extension would have a depth of 3 metres and a maximum height above ground level of 3.6 metres. Whilst the height of the extension exceeds to dimensions stated in HDAS, it is considered that it would appear subservient from the garage to the side and will harmonise with the character and appearance of the host dwelling. It is considered to be of such a height as to not detract from the character and appearance of the dwelling to justify a refusal of planning permission. As such the proposal would comply with Policy BE15 of the adopted UDP (Saved Policies September 2007).

The proposed single storey side/rear extension would not be significantly visible from the public domain. Therefore, it would be considered to have an acceptable impact on the visual amenities of the surrounding area and would comply with Policies BE13 and BE19 of the adopted UDP (Saved Policies September 2007).

The proposed single storey side/rear extension would not cause significant harm to residential amenity of any neighbouring dwelling in terms of loss of light, loss of outlook or sense of dominance. The extension would project just 1.4m to the rear of Number 51 and would not project beyond the rear wall of Number 47. As the proposal would not create any additional side openings, the extension would be considered to cause no significant

loss of privacy to any neighbouring dwelling. Therefore, the development would comply with Policies BE20, BE21 and BE24 of the adopted UDP (Saved Policies September 2007).

It has been considered, that all the proposed habitable rooms and those altered by the development still maintain an adequate outlook and source of natural light. Therefore it complies with Policies BE20 of the UDP (Saved Policies September 2007) and 3.5 the London Plan (2011).

More than 60 square metres of garden area would be provided for the dwelling following development. Therefore, sufficient private amenity space would be retained for occupiers of the dwelling, in compliance with Policy BE23 of the adopted UDP (Saved Policies September 2007) and HDAS Residential Extensions.

The proposal involves the conversion of the garage accommodation into a playroom. The alterations to the front elevation are considered acceptable in accordance with policies BE13 and BE19 of the Hillingdon UDP. The front garden is currently laid to gravelled hardstanding and two parking spaces are achieveable. The loss of the space within the garage is therefore considered acceptable. Therefore, the development would be considered to be in compliance with Policy AM14 of the adopted UDP (Saved Policies September 2007).

The application is therefore recommended for approval.

6. RECOMMENDATION

APPROVAL subject to the following:

1 HO1 Time Limit

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON
To comply with Section 91 of the Town and Country Planning Act 1990.

2 HO2 Accordance with approved

The development hereby permitted shall not be carried out except in complete accordance with the details shown on the submitted plans, numbers 49PC/E/01; 49PC/E/02; 49PC/E/03, 49PC/E/04 and 49PC/E/05.

REASON
To ensure the development complies with the provisions of the Hillingdon Unitary Development Plan Saved Policies (September 2007) and the London Plan (July 2011).

3 HO4 Materials

The materials to be used in the construction of the external surfaces of the development hereby permitted shall match those used in the existing building and shall thereafter be retained as such.

REASON
To safeguard the visual amenities of the area and to ensure that the proposed development does not have an adverse effect upon the appearance of the existing building in accordance with Policy BE15 of the Hillingdon Unitary Development Plan Saved Policies (September 2007).

4 HO5 No additional windows or doors

Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (or any order revoking and re-enacting that Order with or without modification), no additional windows, doors or other openings shall be constructed in the walls or roof slopes of the development hereby approved facing 47 or 51 Paddington Close.

REASON
To prevent overlooking to adjoining properties in accordance with Policy BE24 of the Hillingdon Unitary Development Plan Saved Policies (September 2007).

INFORMATIVES

Standard Informatives

1 The decision to GRANT planning permission has been taken having regard to all relevant planning legislation, regulations, guidance, circulars and Council policies, including The Human Rights Act (1998) (HRA 1998) which makes it unlawful for the Council to act incompatibly with Convention rights, specifically Article 6 (right to a fair hearing); Article 8 (right to respect for private and family life); Article 1 of the First Protocol (protection of property) and Article 14 (prohibition of discrimination).

2 The decision to GRANT planning permission has been taken having regard to the policies and proposals in the Hillingdon Unitary Development Plan Saved Policies (September 2007) set out below, and to all relevant material considerations, including Supplementary Planning Guidance:

Policy No.

AM14	New development and car parking standards.
BE13	New development must harmonise with the existing street scene.
BE15	Alterations and extensions to existing buildings
BE19	New development must improve or complement the character of the area.
BE20	Daylight and sunlight considerations.
BE21	Siting, bulk and proximity of new buildings/extensions.

BE38	Retention of topographical and landscape features and provision of new planting and landscaping in development proposals.
HDAS-EXT	Residential Extensions, Hillingdon Design & Access Statement, Supplementary Planning Document, adopted December 2008
LPP 5.3	(2011) Sustainable design and construction

3 You are advised this permission is based on the dimensions provided on the approved drawings as numbered above. The development hereby approved must be constructed precisely in accordance with the approved drawings. Any deviation from these drawings requires the written consent of the Local Planning Authority.

4 You are advised that if any part of the development hereby permitted encroaches by either its roof, walls, eaves, gutters, or foundations, then a new planning application will have to be submitted. This planning permission is not valid for a development that results in any form of encroachment.

5 Your attention is drawn to the need to comply with the relevant provisions of the Building Regulations, the Building Acts and other related legislation. These cover such works as - the demolition of existing buildings, the erection of a new building or structure, the extension or alteration to a building, change of use of buildings, installation of services, underpinning works, and fire safety/means of escape works. Notice of intention to demolish existing buildings must be given to the Council's Building Control Service at least 6 weeks before work starts. A completed application form together with detailed plans must be submitted for approval before any building work is commenced. For further information and advice, contact - Planning, Environment and Community Services, Building Control, 3N/01 Civic Centre, Uxbridge (Telephone 01895 250804 / 805 / 808).

6 You have been granted planning permission to build a residential extension. When undertaking demolition and/or building work, please be considerate to your neighbours and do not undertake work in the early morning or late at night or at any time on Sundays or Bank Holidays. Furthermore, please ensure that all vehicles associated with the construction of the development hereby approved are properly washed and cleaned to prevent the passage of mud and dirt onto the adjoining highway. You are advised that the Council does have formal powers to control noise and nuisance under The Control of Pollution Act 1974, the Clean Air Acts and other relevant legislation. For further information and advice, please contact - Environmental Protection Unit, 4W/04, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel. 01895 250190).

7 The Party Wall Act 1996 requires a building owner to notify, and obtain formal agreement from, any adjoining owner, where the building owner proposes to:
- carry out work to an existing party wall;
- build on the boundary with a neighbouring property;
- in some circumstances, carry out groundworks within 6 metres of an adjoining building.

Notification and agreements under this Act are the responsibility of the building owner and are quite separate from Building Regulations, or Planning Controls. The Building Control Service will assume that an applicant has obtained any necessary agreements with the adjoining owner, and nothing said or implied by the Council should be taken as removing the necessity for the building owner to comply fully with the Party Wall Act. Further information and advice is to be found in "the Party Walls etc. Act 1996 - explanatory booklet" published by the ODPM, available free of charge from the Planning, Environment and Community Services Reception Desk, Civic Centre, Uxbridge, UB8 1UW.

8 Your attention is drawn to the fact that the planning permission does not override property rights and any ancient rights of light that may exist. This permission does not empower you to enter onto land not in your ownership without the specific consent of the owner. If you require further information or advice, you should consult a solicitor.

9 Nuisance from demolition and construction works is subject to control under The Control of Pollution Act 1974, the Clean Air Acts and other related legislation. In

particular, you should ensure that the following are complied with: -

A) Demolition and construction works should only be carried out between the hours of 08.00 hours and 18.00 hours Monday to Friday and between the hours of 08.00 hours and 13.00 hours on Saturday. No works shall be carried out on Sundays, Bank and Public Holidays.

B) All noise generated during such works should be controlled in compliance with British Standard Code of Practice BS 5228: 1984.

C) The elimination of the release of dust or odours that could create a public health nuisance.

D) No bonfires that create dark smoke or nuisance to local residents.

You are advised to consult the Council's Environmental Protection Unit, 3S/02, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel.01895 277401) or to seek prior approval under Section 61 of the Control of Pollution Act if you anticipate any difficulty in carrying out construction other than within the normal working hours set out in (A) above, and by means that would minimise disturbance to adjoining premises.

10 You are advised that care should be taken during the building works hereby approved to avoid spillage of mud, soil or related building materials onto the pavement or public highway. You are further advised that failure to take appropriate steps to avoid spillage or adequately clear it away could result in action being taken under the Highways Act.

11 To promote the development of sustainable building design and construction methods, you are encouraged to investigate the use of renewable energy resources which do not produce any extra carbon dioxide (CO2) emissions, including solar, geothermal and fuel cell systems, and use of high quality insulation.

12 You are advised that care should be taken during the building works hereby approved to ensure no damage occurs to the verge or footpaths during construction. Vehicles delivering materials to this development shall not override or cause damage to the public footway. Any damage will require to be made good to the satisfaction of the Council and at the applicant's expense.
