Date Application Valid: 27/07/2012

1. CONSIDERATIONS

1.1 Site and Locality

The application site is located on the south-eastern side of Windsor Avenue. It comprises a two storey semi-detached house with a rear conservatory and an outbuilding in the rear garden. The application property adjoins No.139 Windsor Avenue to the southwest which has not been extended to the rear of the property. To the northeast of the application property is No.135 Windsor Avenue, a two-storey, semi-detached house, which has not been extended to the side and rear.

The street scene is residential in character and appearance comprising two storey semi-detached properties. The application site lies within the 'Developed Area' as identified in the saved UDP, September 2007.

1.2 Proposed Scheme

The application proposes a single storey side/rear extension. The single storey rear extension would be 3.6m deep, the full width of the rear of the property and wrap around to the side of the property. The side extension would be 2.10m wide extending to the side boundary adjoining No.135 Windsor Avenue and 11.51m deep. There would be a pitched roof over the side/rear extension measuring 3.40m high reduced to 3m at the parapet wall. The windows and doors would face the front and rear elevations. The proposal would comprise a kitchen/family room, study and shower room. The materials would match the existing house.

2.1 Advertisement Expiry Date:- Not applicable

2.2 Site Notice Expiry Date:- Not applicable

3. Comments on Public Consultations

6 neighbouring properties and Oak Farms Residents Association were consulted on 31st July 2012 and no responses have been received.

4. UDP / LDF Designation and London Plan

The following UDP Policies are considered relevant to the application:-

Part 1 Policies:

Part 2 Policies:

BE13	New development must harmonise with the existing street scene.
BE15	Alterations and extensions to existing buildings
BE19	New development must improve or complement the character of the area.
BE20	Daylight and sunlight considerations.
BE21	Siting, bulk and proximity of new buildings/extensions.
BE23	Requires the provision of adequate amenity space.
BE24	Requires new development to ensure adequate levels of privacy to neighbours.
HDAS-EXT	Residential Extensions, Hillingdon Design & Access Statement, Supplementary Planning Document, adopted December 2008
LPP 5.3	(2011) Sustainable design and construction

5. MAIN PLANNING ISSUES

The main issues for consideration in determining this application relate to the effect of the proposal on the character and appearance of the original dwelling, the impact on the visual amenities of the surrounding area, the impact on residential amenity of the neighbouring dwellings, and the provision of acceptable residential amenity for the application property. As the proposal would not increase in the number of bedrooms, parking provision does not need to be considered in this instance.

The depth and finished height dimensions of the single storey rear extension are consistent with those as set out in paragraphs 3.3, 3.6 and 3.7 of the HDAS: Residential Extensions. The extension would finish adequately below the cill level of the first floor rear windows on the existing house and as such, would be subordinate to its appearance. The extension, in terms of its scale, form and size would respect the character and appearance of the original house and would not detract from the visual amenities of the surrounding area, in compliance with Policies BE13, BE15 and BE19 of the saved UDP, September 2007 and Section 3.0 of the HDAS: Residential Extensions.

The single storey side extension would appear subordinate to the appearance of the original house. The extension by reason of its size, proportion and design would harmonise with the appearance and architectural composition of the original house. The single storey side extension is considered to not detract from the character and appearance of the street scene and the visual amenities of the surrounding area. The single storey side extension is considered to be in compliance with the objectives of Policies BE13, BE15 and BE19 of the saved UDP, September 2007 and Section 4.0 of the HDAS: Residential Extensions.

The proposal, by reason of its overall size would not impact on the residential amenities of the adjoining neighbouring properties from a significant increase in overshadowing, visual intrusion and/or over-dominance. There are no side facing windows proposed on the

extension that would overlook either adjoining properties. Therefore, the application proposal would not constitute an un-neighbourly form of development and would be in compliance with policies BE20, BE21 and BE24 of the saved UDP September 2007.

All the proposed habitable rooms, and those altered by the development would still maintain an adequate outlook and source of natural light, therefore complying with Policies BE20 of the UDP (Saved Policies September 2007) and 3.5 the London Plan (2011).

Over 100 sqm of private amenity space would be retained which is considered to be adequate for the enlarged property and would be in compliance with paragraph 3.13 of the HDAS: Residential Extensions and Policy BE23 of the saved UDP September 2007.

This application is recommended for approval.

6. RECOMMENDATION

APPROVAL subject to the following:

1 HO1 Time Limit

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON
To comply with Section 91 of the Town and Country Planning Act 1990.

2 HO2 Accordance with approved

The development hereby permitted shall not be carried out except in complete accordance with the details shown on the submitted plans, numbers 12/264/01 Rev A, 12/264/02 Rev B, 12/264/03.

REASON
To ensure the development complies with the provisions of the Hillingdon Unitary Development Plan Saved Policies (September 2007) and the London Plan (July 2011).

3 HO4 Materials

The materials to be used in the construction of the external surfaces of the development hereby permitted shall match those used in the existing building and shall thereafter be retained as such.

REASON
To safeguard the visual amenities of the area and to ensure that the proposed development does not have an adverse effect upon the appearance of the existing building in accordance with Policy BE15 of the Hillingdon Unitary Development Plan Saved Policies (September 2007).

INFORMATIVES

Standard Informatives

1 The decision to GRANT planning permission has been taken having regard to all relevant planning legislation, regulations, guidance, circulars and Council policies, including The Human Rights Act (1998) (HRA 1998) which makes it unlawful for the Council to act incompatibly with Convention rights, specifically Article 6 (right to a fair hearing); Article 8 (right to respect for private and family

life); Article 1 of the First Protocol (protection of property) and Article 14 (prohibition of discrimination).

2 The decision to GRANT planning permission has been taken having regard to the policies and proposals in the Hillingdon Unitary Development Plan Saved Policies (September 2007) set out below, and to all relevant material considerations, including Supplementary Planning Guidance:

Policy No.

BE13	New development must harmonise with the existing street scene.
BE15	Alterations and extensions to existing buildings
BE19	New development must improve or complement the character of the area.
BE20	Daylight and sunlight considerations.
BE21	Siting, bulk and proximity of new buildings/extensions.
BE23	Requires the provision of adequate amenity space.
BE24	Requires new development to ensure adequate levels of privacy to neighbours.
HDAS-EXT	Residential Extensions, Hillingdon Design & Access Statement, Supplementary Planning Document, adopted December 2008
LPP 5.3	(2011) Sustainable design and construction

3 You are advised this permission is based on the dimensions provided on the approved drawings as numbered above. The development hereby approved must be constructed precisely in accordance with the approved drawings. Any deviation from these drawings requires the written consent of the Local Planning Authority.

4 You are advised that if any part of the development hereby permitted encroaches by either its roof, walls, eaves, gutters, or foundations, then a new planning application will have to be submitted. This planning permission is not valid for a development that results in any form of encroachment.

5 Your attention is drawn to the need to comply with the relevant provisions of the Building Regulations, the Building Acts and other related legislation. These cover such works as - the demolition of existing buildings, the erection of a new building or structure, the extension or alteration to a building, change of use of buildings, installation of services, underpinning works, and fire safety/means of escape works. Notice of intention to demolish existing buildings must be given to the Council's Building Control Service at least 6 weeks before work starts. A completed application form together with detailed plans must be submitted for approval before any building work is commenced. For further information and advice, contact - Planning, Environment and Community Services, Building Control, 3N/01 Civic Centre, Uxbridge (Telephone 01895 250804 / 805 / 808).

6 You have been granted planning permission to build a residential extension. When undertaking demolition and/or building work, please be considerate to your neighbours and do not undertake work in the early morning or late at night or at any time on Sundays or Bank Holidays. Furthermore, please ensure that all

vehicles associated with the construction of the development hereby approved are properly washed and cleaned to prevent the passage of mud and dirt onto the adjoining highway. You are advised that the Council does have formal powers to control noise and nuisance under The Control of Pollution Act 1974, the Clean Air Acts and other relevant legislation. For further information and advice, please contact - Environmental Protection Unit, 4W/04, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel. 01895 250190).

7 The Party Wall Act 1996 requires a building owner to notify, and obtain formal agreement from, any adjoining owner, where the building owner proposes to:
- carry out work to an existing party wall;
- build on the boundary with a neighbouring property;
- in some circumstances, carry out groundworks within 6 metres of an adjoining building.

Notification and agreements under this Act are the responsibility of the building owner and are quite separate from Building Regulations, or Planning Controls. The Building Control Service will assume that an applicant has obtained any necessary agreements with the adjoining owner, and nothing said or implied by the Council should be taken as removing the necessity for the building owner to comply fully with the Party Wall Act. Further information and advice is to be found in "the Party Walls etc. Act 1996 - explanatory booklet" published by the ODPM, available free of charge from the Planning, Environment and Community Services Reception Desk, Civic Centre, Uxbridge, UB8 1UW.

8 Your attention is drawn to the fact that the planning permission does not override property rights and any ancient rights of light that may exist. This permission does not empower you to enter onto land not in your ownership without the specific consent of the owner. If you require further information or advice, you should consult a solicitor.

9 Nuisance from demolition and construction works is subject to control under The Control of Pollution Act 1974, the Clean Air Acts and other related legislation. In particular, you should ensure that the following are complied with: -

A) Demolition and construction works should only be carried out between the hours of 08.00 hours and 18.00 hours Monday to Friday and between the hours of 08.00 hours and 13.00 hours on Saturday. No works shall be carried out on Sundays, Bank and Public Holidays.

B) All noise generated during such works should be controlled in compliance with British Standard Code of Practice BS 5228: 1984.

C) The elimination of the release of dust or odours that could create a public health nuisance.

D) No bonfires that create dark smoke or nuisance to local residents.

You are advised to consult the Council's Environmental Protection Unit, 3S/02, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel.01895 277401) or to seek prior approval under Section 61 of the Control of Pollution Act if you anticipate any difficulty in carrying out construction other than within the normal working hours

set out in (A) above, and by means that would minimise disturbance to adjoining premises.

10 You are advised that care should be taken during the building works hereby approved to avoid spillage of mud, soil or related building materials onto the pavement or public highway. You are further advised that failure to take appropriate steps to avoid spillage or adequately clear it away could result in action being taken under the Highways Act.

11 To promote the development of sustainable building design and construction methods, you are encouraged to investigate the use of renewable energy resources which do not produce any extra carbon dioxide (CO2) emissions, including solar, geothermal and fuel cell systems, and use of high quality insulation.

12 You are advised that care should be taken during the building works hereby approved to ensure no damage occurs to the verge or footpaths during construction. Vehicles delivering materials to this development shall not override or cause damage to the public footway. Any damage will require to be made good to the satisfaction of the Council and at the applicant's expense.
