1. CONSIDERATIONS

1.1 Site and Locality

The application site comprises a detached two-storey property located on the northern side of Eastcote Road, north of the junction with Glenalla Road.

The property benefits from a large rear garden and a front garden which currently provides parking for 1-2 cars. A TPO covers the site but no trees are to be removed as part of this proposal.

Eastcote Road is a classified highway and provides an east/north-east to west connection from Eastcote to Ruislip and the A4180.

The site lies within a Critical Drainage Area.

1.2 Proposed Scheme

The application seeks planning permission for the erection of a part single storey, part two storey rear extension, erection of a porch, plus 2 x side high-level ground floor veluxes to light utility room and hallway; obscured side window.

2.2 Site Notice Expiry Date:- Not applicable

3. Comments on Public Consultations

6 neighbouring properties were consulted by letter dated 31.5.22

There was no local response.

4. Local Plan Designation and London Plan

The following Local Plan Policies are considered relevant to the application:-

Part 1 Policies:

PT1.BE1 (2012) Built Environment

Part 2 Policies:

DMHB 11 Design of New Development

DMHB 12 Streets and Public Realm

DMHD 1 Alterations and Extensions to Residential Dwellings

LPP D4 (2021) Delivering good design

LPP D6 (2021) Housing quality and standards

LPP D8 (2021) Public realm

5. MAIN PLANNING ISSUES

The main considerations are the design and impact on the character of the existing property, the impact upon the streetscene and locality the impact upon the amenities of adjoining occupiers, the reduction in size of the rear garden and car parking provision.

The Hillingdon Local Plan: Part One Strategic Policy BE1 seeks a quality of design in all new development that enhances and contributes to the area in terms of form, scale and materials; is appropriate to the identity and context of the townscape; and would improve the quality of the public realm and respect local character.

Policy DMHB 11 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020) advises that all development will be required to be designed to the highest standards and incorporate principles of good design. It should take into account aspects including the scale of the development considering the height, mass and bulk of adjacent structures; building plot sizes and established street patterns; building lines and streetscape rhythm and landscaping. It should also not have an adversary impact on the

amenity, daylight and sunlight of adjacent properties and open space.

Policy DMHD 1 requires that alterations and extension of dwellings would not have an adverse cumulative impact on the character and appearance of the street scene, and should appear subordinate to the main dwelling. It also required that there is no unacceptable loss of outlook to neighbouring occupiers.

With regard to rear extensions Policy DMHD1 requires:

- i) single storey rear extensions on terraced or semi-detached houses with a plot width of 5 metres or less should not exceed 3.3 metres in depth or 3.6 metres where the plot width is 5 metres or more;
- ii) single storey rear extensions to detached houses with a plot width of 5 metres or more should not exceed 4.0 metres in depth;
- iii) flat roofed single storey extensions should not exceed 3.0 metres in height and any pitched or sloping roofs should not exceed 3.4 metres in height, measured from ground level;
- iv) in Conservation Areas and Areas of Special Local Character, flat roofed single storey extensions will be expected to be finished with a parapet;
- v) balconies or access to flat roofs which result in loss of privacy to nearby dwellings or gardens will not be permitted;
- vi) two storey extensions should not extend into an area provided by a 45-degree line of sight drawn from the centre of the nearest ground or first floor habitable room window of an adjacent property and should not contain windows or other openings that overlook other houses at a distance of less than 21 metres;
- vii) flat roofed two storey extensions will not be acceptable unless the design is in keeping with the particular character of the existing house;
- viii) pitched roofs on extensions should be of a similar pitch and materials to that of the original roof and subordinate to it in design. Large crown roofs on detached houses will not be supported; and
- ix) full width two storey rear extensions are not considered acceptable in designated areas or as extensions to Listed Buildings or Locally Listed Buildings.

The proposed rear extensions project 3.99m at first floor level with an additional 1.8m ground floor addition to the rear in the centre of the property. Whilst not fully compliant with the requirements of Policy DMHD1, the proposed rear extensions would appear subordinate in scale and would respect the architectural integrity of the host dwelling. The proposed extensions to the rear would not be out of keeping with other properties within the area. Notably Numbers 99, 101 and 103 Eastcote Road have all had two storey and single storey rear extensions. The proposed rear extensions are not therefore considered to result in visual harm to the locality.

The proposal includes a front porch. With regard to front extensions Policy DMHD1 requires:

- i) alterations and extensions to the front of a house must be minor and not alter the overall appearance of the house or dominate the character of the street. Front extensions extending across the entire frontage will be refused;
- ii) porches should be subordinate in scale and individually designed to respect the character and features of the original building; pastiche features will not be supported; and
- iii) notwithstanding the above, at least 25% of the front garden must be retained.

The proposed porch would be sited forward of the existing entrance to the side and is considered to have an acceptable visual impact.

Policy DMHB 11 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020) states that development proposals should not adversely impact on the amenity, daylight and sunlight of adjacent properties and open space.

The proposed extensions to the rear would not breach the 45 degree line from first floor windows of both adjacent properties at numbers 99 and 95 Eastcote Road. The additional rearwards bulk is not considered to give rise to an undue loss of light or outlook. The proposal includes the insertion of 1 first floor side facing window to serve bedroom 2 facing 95 Eastcote Road. This window is a secondary window and is shown to be obscure glazed. A condition would be reasonably required to retain this obscure glazing to ensure no undue loss of privacy to the occupants of Number 95. Two ground floor obscure glazed windows are also proposed facing Number 99 Eastcote Road which would not result in an undue loss of privacy.

It is considered that all the proposed habitable rooms, and those altered by the extension, would maintain an adequate outlook and source of natural light, therefore complying with Policy D6 of the London Plan (2021).

In terms of the garden area the development would fulfill the Part 2 Policy DMHD1 appendix A, Part A) vi), which states that for Alterations and extensions to residential dwellings; adequate garden space is retained.

The parking provision would remain unaffected by the proposal.

An informative has been attached with regard to the position of the property in the Critical Drainage Area and no trees will be affected by the proposal, despite the TPO designation. There is sufficient distance to trees at the rear and off site.

The application is recommended for approval.

6. RECOMMENDATION

APPROVAL subject to the following:

1 HO1 Time Limit

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON

To comply with Section 91 of the Town and Country Planning Act 1990.

2 HO2 Accordance with approved

The development hereby permitted shall not be carried out except in complete accordance with the details shown on the submitted plans, numbers 0370 PL 51B; 0370 PL 52B and 0370 PL 53B.

REASON

To ensure the development complies with the provisions of the Hillingdon Local Plan Part 1 (2012) and Part 2 (2020), and the London Plan (2021).

3 HO4 Materials

The materials to be used in the construction of the external surfaces of the development hereby permitted shall match those used in the existing building and shall thereafter be retained as such.

REASON

To safeguard the visual amenities of the area and to ensure that the proposed development does not have an adverse effect upon the appearance of the existing

building in accordance with Policy DMHB 11 of the Hillingdon Local Plan Part 2 (2020)

4 HO5 No additional windows or doors

Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (as amended) (or any order revoking and re-enacting that Order with or without modification), no additional windows, doors or other openings shall be constructed in the walls or roof slopes of the development hereby approved.

REASON

To prevent overlooking to adjoining properties in accordance with policy DMHB 11 of the Hillingdon Local Plan Part 2 (2020).

5 HO6 Obscure Glazing

The first floor bedroom window facing 95 Eastcote Road and two ground floor windows facing number 99 Eastcote Road shall be glazed with permanently obscured glass to at least scale 4 on the Pilkington scale and be non-opening below a height of 1.8 metres taken from internal finished floor level for so long as the development remains in existence.

REASON

To prevent overlooking to adjoining properties in accordance with policy DMHB 11 of the Hillingdon Local Plan Part 2 (2020).

6 HO7 No roof gardens

Access to the flat roof over the extension hereby approved shall be for maintenance or emergency purposes only and the flat roof shall not be used as a roof garden, terrace, balcony, patio or similar amenity area.

REASON

To prevent overlooking to adjoining properties in accordance with policy DMHB 11 of the Hillingdon Local Plan Part 2 (2020).

INFORMATIVES

- 1** The Council will recover from the applicant the cost of highway and footway repairs, including damage to grass verges.

Care should be taken during the building works hereby approved to ensure no damage occurs to the verge or footpaths during construction. Vehicles delivering materials to this development shall not override or cause damage to the public footway. Any damage will require to be made good to the satisfaction of the Council and at the applicant's expense.

For further information and advice contact - Highways Maintenance Operations, Central Depot - Block K, Harlington Road Depot, 128 Harlington Road, Hillingdon, Middlesex, UB3 3EU (Tel: 01895 277524).

For Private Roads: Care should be taken during the building works hereby approved to ensure no damage occurs to the verge of footpaths on private roads during construction. Vehicles delivering materials to this development shall not override or cause damage to a private road and where possible alternative routes should be taken to avoid private roads. The applicant may be required to make good any damage caused.

- 2** The site lies in a Critical Drainage Area (CDA) as identified in the Surface Water Management Plan (SWMP) for Hillingdon. A CDA is the catchment area from which surface water drains and contributes to drainage problems. All

developments in this area must contribute to managing the risk of flooding from surface water by reducing surface water runoff from the site. Therefore the applicant should minimise the water from your site entering the sewers. No drainage to support the extension should be connected to any existing surface water sewer, other than as an overflow. Water run off from any roof or hard paving associated with the development should be directed to a soakaway, or tank or made permeable. This includes any work to front gardens not part of the planning application, which must be permeable or be collected and directed to a permeable area, otherwise it would need an additional permission. A water butt should be incorporated.

Standard Informatives

- 1 The decision to GRANT planning permission has been taken having regard to all relevant planning legislation, regulations, guidance, circulars and Council policies, including The Human Rights Act (1998) (HRA 1998) which makes it unlawful for the Council to act incompatibly with Convention rights, specifically Article 6 (right to a fair hearing); Article 8 (right to respect for private and family life); Article 1 of the First Protocol (protection of property) and Article 14 (prohibition of discrimination).
- 2 The decision to GRANT planning permission has been taken having regard to the policies and proposals in the Hillingdon Unitary Development Plan Saved Policies (September 2007) as incorporated into the Hillingdon Local Plan (2012) set out below, including Supplementary Planning Guidance, and to all relevant material considerations, including The London Plan - The spatial development strategy for London consolidated with alterations since 2011 (2016) and national guidance.

- 3 You are advised this permission is based on the dimensions provided on the approved drawings as numbered above. The development hereby approved must be constructed precisely in accordance with the approved drawings. Any deviation from these drawings requires the written consent of the Local Planning Authority.
- 4 You are advised that if any part of the development hereby permitted encroaches by either its roof, walls, eaves, gutters, or foundations, then a new planning application may have to be submitted. The validity of this planning permission

may be challengeable by third parties if the development results in any form of encroachment onto land outside the applicant's control that is considered to cause harm to local amenity.

- 5 Your attention is drawn to the need to comply with the relevant provisions of the Building Regulations, the Building Acts and other related legislation. These cover such works as - the demolition of existing buildings, the erection of a new building or structure, the extension or alteration to a building, change of use of buildings, installation of services, underpinning works, and fire safety/means of escape works. Notice of intention to demolish existing buildings must be given to the Council's Building Control Service at least 6 weeks before work starts. A completed application form together with detailed plans must be submitted for approval before any building work is commenced. For further information and advice, contact - Residents Services, Building Control
3N/01 Civic Centre, Uxbridge (Telephone 01895 558170).
- 6 You have been granted planning permission to build a residential extension. When undertaking demolition and/or building work, please be considerate to your neighbours and do not undertake work in the early morning or late at night or at any time on Sundays or Bank Holidays. Furthermore, please ensure that all vehicles associated with the construction of the development hereby approved are properly washed and cleaned to prevent the passage of mud and dirt onto the adjoining highway. You are advised that the Council does have formal powers to control noise and nuisance under The Control of Pollution Act 1974, the Clean Air Acts and other relevant legislation. For further information and advice, please contact - Environmental Protection Unit, 4W/04, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel. 01895 250190).
- 7 The Party Wall Act 1996 requires a building owner to notify, and obtain formal agreement from, any adjoining owner, where the building owner proposes to:
 - carry out work to an existing party wall;
 - build on the boundary with a neighbouring property;
 - in some circumstances, carry out groundworks within 6 metres of an adjoining building.Notification and agreements under this Act are the responsibility of the building owner and are quite separate from Building Regulations, or Planning Controls. The Building Control Service will assume that an applicant has obtained any necessary agreements with the adjoining owner, and nothing said or implied by the Council should be taken as removing the necessity for the building owner to comply fully with the Party Wall Act. Further information and advice is to be found in "the Party Walls etc. Act 1996 - explanatory booklet" published by the ODPM, available free of charge from the Planning Services
Reception Desk, Civic Centre, Uxbridge, UB8 1UW.
- 8 Your attention is drawn to the fact that the planning permission does not override property rights and any ancient rights of light that may exist. This permission does not empower you to enter onto land not in your ownership without the specific consent of the owner. If you require further information or advice, you should consult a solicitor.
- 9 Nuisance from demolition and construction works is subject to control under The Control of Pollution Act 1974, the Clean Air Acts and other related legislation. In

particular, you should ensure that the following are complied with: -

of
A) Demolition and construction works should only be carried out between the hours of 08.00 hours and 18.00 hours Monday to Friday and between the hours 08.00 hours and 13.00 hours on Saturday. No works shall be carried out on Sundays, Bank and Public Holidays.

B) All noise generated during such works should be controlled in compliance with British Standard Code of Practice BS 5228: 1984.

C) The elimination of the release of dust or odours that could create a public health nuisance.

D) No bonfires that create dark smoke or nuisance to local residents.

prior
You are advised to consult the Council's Environmental Protection Unit, 3S/02, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel.01895 277401) or to seek approval under Section 61 of the Control of Pollution Act if you anticipate any difficulty in carrying out construction other than within the normal working hours set out in (A) above, and by means that would minimise disturbance to adjoining premises.

10 You are advised that care should be taken during the building works hereby approved to avoid spillage of mud, soil or related building materials onto the pavement or public highway. You are further advised that failure to take appropriate steps to avoid spillage or adequately clear it away could result in action being taken under the Highways Act.

11 To promote the development of sustainable building design and construction methods, you are encouraged to investigate the use of renewable energy resources which do not produce any extra carbon dioxide (CO2) emissions, including solar, geothermal and fuel cell systems, and use of high quality insulation.

12 You are advised that care should be taken during the building works hereby approved to ensure no damage occurs to the verge or footpaths during construction. Vehicles delivering materials to this development shall not override or cause damage to the public footway. Any damage will require to be made

good
to the satisfaction of the Council and at the applicant's expense. For further information and advice contact - Highways Maintenance Operations, Central Depot - Block K, Harlington Road Depot, 128 Harlington Road, Hillingdon, Middlesex, UB3 3EU (Tel: 01895 277524).
