Re: 96K West End Lane, Harlington, UB3 5LX – Single Storey Rear Extension & Side Front Porch.

Please note that the property now known as 96K originated as a side extension to 96A. However, this structure was converted into a separate, self-contained dwelling over 19 years ago and has functioned independently since that time.

As such, it constitute a distinct planning unit.

In light of this long established use, the building should be regarded as a separate dwelling rather than an extension to 96A.

Consequently, the rear wall of 96K should be treated as part of an independent building for the purposes of this application, and not as an extension of the original property at 96A.

We trust this gives you the information you require, we look forward to hearing from you soon.

Yours sincerely

Leina Maximin
