Date Application Valid: 16/12/2014

1. CONSIDERATIONS

1.1 Site and Locality

The application relates to a two-storey semi-detached property located on the southern side of Attlee Road on a prominent corner plot of land. The area to the front of the dwelling is covered in hardstanding and provides space to park a minimum of two cars within the curtilage of the site while the land the rear provides private amenity space for the occupiers of the dwelling. Beyond the rear garden of the property are a number of private garages which are accessed via a private driveway located to the east of the site. The property has no existing extensions.

The site is located within a developed area and the Barnhill Estate Area of Special Local Character as identified in the Hillingdon Local Plan (November 2012).

1.2 Proposed Scheme

The application seeks permission for the erection of a part single storey, part two storey side and rear extension, involving the demolition of the existing conservatory.

The proposed single storey rear extension would have a depth of 3.3m and a height of 3.5m.

The proposed two storey side extension would have a maximum width of 2.4m at first floor level and 3.8m at ground floor level and would extend the full depth of the original dwelling.

1.3 Relevant Planning History

69948/APP/2014/1475 13 Attlee Road Hayes

Part two storey, part single storey side/rear extension involving demolition of conservatory to rear

Decision Date: 05-08-2014 Refused

Comment on Planning History

69948/APP/2014/1475 - An application for the same development was refused earlier in

2014 due to the unacceptable impact the proposed side extension was considered to have to the appearance of the existing property and the failure to retain sufficient private amenity space.

2. Advertisement and Site Notice

2.1 Advertisement Expiry Date:- Not applicable

2.2 Site Notice Expiry Date:- Not applicable

3. Comments on Public Consultations

A total of 13 neighbouring properties were consulted on the application on 22nd December 2014. By the close of the consultation period on 12th January 2014, no objections had been received.

4. UDP / LDF Designation and London Plan

The following UDP Policies are considered relevant to the application:-

Part 1 Policies:

PT1.BE1	(2012) Built Environment

Part 2 Policies:

BE13	New development must harmonise with the existing street scene.
BE15	Alterations and extensions to existing buildings
BE19	New development must improve or complement the character of the area.
BE20	Daylight and sunlight considerations.
BE21	Siting, bulk and proximity of new buildings/extensions.
BE22	Residential extensions/buildings of two or more storeys.
BE23	Requires the provision of adequate amenity space.
BE24	Requires new development to ensure adequate levels of privacy to neighbours.
AM14	New development and car parking standards.
HDAS-EXT	Residential Extensions, Hillingdon Design & Access Statement, Supplementary Planning Document, adopted December 2008
LPP 3.5	(2011) Quality and design of housing developments

5. MAIN PLANNING ISSUES

The main issues for consideration in determining this application relate to the effect of the proposal on the character and appearance of the original dwelling, the impact on the visual amenities of the surrounding area, the impact on the residential amenity of the neighbouring dwellings, provision of acceptable residential amenity for the application property and the availability of parking.

Section 3 of the HDAS Residential Extensions guidance, states: Single storey rear extensions to smei-detached houses should not exceed 3.6m in depth and should have a maximum height of 3m for a flat roof or 3.4m for a pitched roof. The proposed single

storey rear extension would have a depth of 3.3m and a roof height of 3.5m, which is contrary to the above guidance. However, the difference of 0.1m is considered marginal and would not have a significant impact to the character of the original property or the visual amenity of the surrounding area.

Paragraphs 5.6 and 5.8 of the HDAS Residential Extensions guidance, state: Two storey side extensions to semi-detached properties should be set back back 1m from the main front building line at all levels. In order to appear subordinate, the width and height of the side extension should be considerably less than that of the main house and be between half and two thirds the width of the original house. The proposed side extension would have a width of 3.8m at ground floor level reducing to 2.4m at first floor level and would be set back from the front elevation of the existing property by 1m, in accordance with the above guidance.

As a result, the proposed development is considered to form a subordinate addition that would have an acceptable impact to the character of the original property and the visual amenity of the surrounding area, in accordance with Policies BE13, BE15 and BE19 of the Hillingdon Local Plan: Part Two - Saved UDP Policies (November 2012).

Although it would be built along the shared boundary line with No.11 Attlee Road the size, scale and bulk of the proposed extension is considered not to not have a significant impact to the residential amenity of the neighbouring property at No.11 Attlee Road in terms of loss of light, outlook or overshadowing. Furthermore, the proposed development would only have windows located on its rear elevation which face the garden within the application site, ensuring no significant overlooking of any neighbouring occupier would occur. Therefore, the proposed development is in accordance with Policies BE20, BE21 and BE24 of the Hillingdon Local Plan: Part Two - Saved UDP Policies (November 2012).

It is considered that all the proposed habitable rooms and those altered by the proposals would maintain an adequate outlook and source of natural light, therefore complying with Policy 3.5 of the London Plan.

Following the construction of the rear extension approximately 80 square metres of private amenity space would be retained for the occupiers of the dwelling which is in accordance with Paragraph 4.9 of the HDAS guidance and Policy BE23 of the Hillingdon Local Plan: Part Two - Saved UDP Policies (November 2012).

The proposed extension would not impact the parking provision to the front of the property and the development is considered to not materially increase the parking demand for the occupiers of the site.

Given the above the application is recommended for approval.

6. RECOMMENDATION

APPROVAL subject to the following:

1 HO1 Time Limit

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON
To comply with Section 91 of the Town and Country Planning Act 1990.

2 HO2 Accordance with approved

The development hereby permitted shall not be carried out except in complete accordance with the details shown on the submitted plans, numbers 13/AR/01A and 13/AR/02A.

REASON
To ensure the development complies with the provisions of the Hillingdon Local Plan: Part Two Saved UDP Policies (November 2012) and the London Plan (July 2011).

3 HO4 Materials

The materials to be used in the construction of the external surfaces of the development hereby permitted shall match those used in the existing building and shall thereafter be retained as such.

REASON
To safeguard the visual amenities of the area and to ensure that the proposed development does not have an adverse effect upon the appearance of the existing building in accordance with Policy BE15 of the Hillingdon Local Plan: Part Two Saved UDP Policies (November 2012)

4 HO5 No additional windows or doors

Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (or any order revoking and re-enacting that Order with or without modification), no additional windows, doors or other openings shall be constructed in the walls or roof slopes of the development hereby approved facing 11 Attlee Road.

REASON
To prevent overlooking to adjoining properties in accordance with policy BE24 of the Hillingdon Local Plan: Part Two Saved UDP Policies (November 2012)

5 HO7 No roof gardens

Access to the flat roof over the extension hereby approved shall be for maintenance or emergency purposes only and the flat roof shall not be used as a roof garden, terrace, balcony, patio or similar amenity area.

REASON
To prevent overlooking to adjoining properties in accordance with policy BE24 of the Hillingdon Local Plan: Part Two Saved UDP Policies (November 2012)

INFORMATIVES

1 On this decision notice policies from the Councils Local Plan: Part 1 - Strategic Policies appear first, then relevant saved policies (referred to as policies from the Hillingdon Unitary Development Plan - Saved Policies September 2007), then London Plan Policies. On the 8th November 2012 Hillingdon's Full Council agreed the adoption of the Councils Local Plan: Part 1 - Strategic Policies. Appendix 5 of this explains which saved policies from the old Unitary Development (which was subject to a direction from Secretary of State in September 2007 agreeing that the policies were 'saved') still apply for development control decisions.

2 The Council will recover from the applicant the cost of highway and footway repairs, including damage to grass verges.

Care should be taken during the building works hereby approved to ensure no damage occurs to the verge or footpaths during construction. Vehicles delivering materials to this development shall not override or cause damage to the public

footway. Any damage will require to be made good to the satisfaction of the Council and at the applicant's expense.

Standard Informatives

1 The decision to GRANT planning permission has been taken having regard to all relevant planning legislation, regulations, guidance, circulars and Council policies, including The Human Rights Act (1998) (HRA 1998) which makes it unlawful for the Council to act incompatibly with Convention rights, specifically Article 6 (right to a fair hearing); Article 8 (right to respect for private and family life); Article 1 of the First Protocol (protection of property) and Article 14 (prohibition of discrimination).

2 The decision to GRANT planning permission has been taken having regard to the policies and proposals in the Hillingdon Unitary Development Plan Saved Policies (September 2007) as incorporated into the Hillingdon Local Plan (2012) set out below, including Supplementary Planning Guidance, and to all relevant material considerations, including the London Plan (July 2011) and national guidance.

Part 1 Policies:

PT1.BE1	(2012) Built Environment

Part 2 Policies:

BE13	New development must harmonise with the existing street scene.
BE15	Alterations and extensions to existing buildings
BE19	New development must improve or complement the character of the area.

3 You are advised this permission is based on the dimensions provided on the approved drawings as numbered above. The development hereby approved must be constructed precisely in accordance with the approved drawings. Any deviation from these drawings requires the written consent of the Local Planning Authority.

4 You are advised that if any part of the development hereby permitted encroaches by either its roof, walls, eaves, gutters, or foundations, then a new planning application will have to be submitted. This planning permission is not valid for a development that results in any form of encroachment.

5 Your attention is drawn to the need to comply with the relevant provisions of the Building Regulations, the Building Acts and other related legislation. These cover such works as - the demolition of existing buildings, the erection of a new building or structure, the extension or alteration to a building, change of use of buildings, installation of services, underpinning works, and fire safety/means of escape works. Notice of intention to demolish existing buildings must be given to the Council's Building Control Service at least 6 weeks before work starts. A completed application form together with detailed plans must be submitted for approval before any building work is commenced. For further information and advice, contact - Planning, Environment and Community Services, Building Control, 3N/01 Civic Centre, Uxbridge (Telephone 01895 250804 / 805 / 808).

6 You have been granted planning permission to build a residential extension. When undertaking demolition and/or building work, please be considerate to your neighbours and do not undertake work in the early morning or late at night or at any time on Sundays or Bank Holidays. Furthermore, please ensure that all vehicles associated with the construction of the development hereby approved are properly washed and cleaned to prevent the passage of mud and dirt onto the adjoining highway. You are advised that the Council does have formal powers to control noise and nuisance under The Control of Pollution Act 1974, the Clean Air Acts and other relevant legislation. For further information and advice, please contact - Environmental Protection Unit, 4W/04, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel. 01895 250190).

7 The Party Wall Act 1996 requires a building owner to notify, and obtain formal agreement from, any adjoining owner, where the building owner proposes to:
- carry out work to an existing party wall;
- build on the boundary with a neighbouring property;
- in some circumstances, carry out groundworks within 6 metres of an adjoining building.

Notification and agreements under this Act are the responsibility of the building owner and are quite separate from Building Regulations, or Planning Controls. The Building Control Service will assume that an applicant has obtained any necessary agreements with the adjoining owner, and nothing said or implied by the Council should be taken as removing the necessity for the building owner to comply fully with the Party Wall Act. Further information and advice is to be found in "the Party Walls etc. Act 1996 - explanatory booklet" published by the ODPM, available free of charge from the Planning, Environment and Community Services Reception Desk, Civic Centre, Uxbridge, UB8 1UW.

8 Your attention is drawn to the fact that the planning permission does not override property rights and any ancient rights of light that may exist. This permission does not empower you to enter onto land not in your ownership without the specific consent of the owner. If you require further information or advice, you should consult a solicitor.

9 Nuisance from demolition and construction works is subject to control under The

Control of Pollution Act 1974, the Clean Air Acts and other related legislation. In particular, you should ensure that the following are complied with: -

A) Demolition and construction works should only be carried out between the hours of 08.00 hours and 18.00 hours Monday to Friday and between the hours of 08.00 hours and 13.00 hours on Saturday. No works shall be carried out on Sundays, Bank and Public Holidays.

B) All noise generated during such works should be controlled in compliance with British Standard Code of Practice BS 5228: 1984.

C) The elimination of the release of dust or odours that could create a public health nuisance.

D) No bonfires that create dark smoke or nuisance to local residents.

You are advised to consult the Council's Environmental Protection Unit, 3S/02, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel.01895 277401) or to seek prior approval under Section 61 of the Control of Pollution Act if you anticipate any difficulty in carrying out construction other than within the normal working hours set out in (A) above, and by means that would minimise disturbance to adjoining premises.

10 You are advised that care should be taken during the building works hereby approved to avoid spillage of mud, soil or related building materials onto the pavement or public highway. You are further advised that failure to take appropriate steps to avoid spillage or adequately clear it away could result in action being taken under the Highways Act.

11 To promote the development of sustainable building design and construction methods, you are encouraged to investigate the use of renewable energy resources which do not produce any extra carbon dioxide (CO2) emissions, including solar, geothermal and fuel cell systems, and use of high quality insulation.

12 You are advised that care should be taken during the building works hereby approved to ensure no damage occurs to the verge or footpaths during construction. Vehicles delivering materials to this development shall not override or cause damage to the public footway. Any damage will require to be made good to the satisfaction of the Council and at the applicant's expense. For further information and advice contact - Highways Maintenance Operations, Central Depot - Block K, Harlington Road Depot, 128 Harlington Road, Hillingdon, Middlesex, UB3 3EU (Tel: 01895 277524).
