Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The following constitute the grounds for making the application. 1. The mobile home would be stationed within the curtilage of the house. 2. The mobile home would be a static caravan which would come within the definition of a caravan in terms of its design, mobility, size, and construction. 3. The mobile home would be placed on the land and would not be fixed to the ground. 4. The mobile home would be used as an annexe by a family member(s) as an integral part of the overall use of the property as a single dwelling. It would share services, facilities, and access with the house. 5. The mobile home would not be used as a separate dwelling. 6. The proposed use would not constitute development requiring planning permission because the property would remain a single planning unit and either: a. the use would be an integral part of the main use of the planning unit as a single dwelling house in single-family occupation and, therefore, would not involve a material change of use of the land, or: b. the use would be a use of land within the curtilage of a dwelling house for a purpose incidental to the enjoyment of the dwelling house as such. Please also refer to the Covering Letter
