Date Application Valid: 26/02/2015

1. CONSIDERATIONS

1.1 Site and Locality

The application relates to a two storey, semi-detached dwelling located to the west of Sussex Road. The brick, render and tile dwelling is set back from the road by 4.5m by an area of soft landscaping. There is hardstanding to the side which provides space to park up to two cars within the curtilage of the site. To the rear of the dwelling is a garden area which acts as the private amenity space for the occupiers of the dwelling.

The application property is attached to No. 20 Sussex Road to the north and shares a boundary with No. 28 Sussex Road to the south. To the rear of the side is the side boundary of No.46 and No.46A Milverton Drive.

The street scene is residential in character and appearance and the application site lies within the Developed Area as identified in the Hillingdon Local Plan: Part Two - Saved UDP Policies (November 2012).

1.2 Proposed Scheme

The application is seeking planning permission for the erection of a single storey rear extension and to alter the roof of the existing single storey element. The proposal would create an extended kitchen.

The extension would project beyond the rear elevation of the original dwelling by 2.85 metres and would have a width of 3 metres. The proposal would create an infill between the existing single storey element and the rear extension of No. 20 Sussex Road. The extension would be characterised by a mono pitched roof with a maximum height of 3.4 metres, and the roof of the existing rear element would be converted from a flat roof to match the proposed extension.

2.1 Advertisement Expiry Date:- Not applicable

2.2 Site Notice Expiry Date:- Not applicable

3. Comments on Public Consultations

Four neighbouring dwellings and the Resident's Associations were notified of the proposed development on 02/03/2015:
- 24 Sussex Road
- 20 Sussex Road
- 46 Milverton Drive
- 46A Milverton Drive
- Ickenham Residents Association

A site notice was also displayed on 11/03/2015 until 01/04/2015. No responses have been received.

4. UDP / LDF Designation and London Plan

The following UDP Policies are considered relevant to the application:-

Part 1 Policies:

PT1.BE1	(2012) Built Environment

Part 2 Policies:

BE13	New development must harmonise with the existing street scene.
BE15	Alterations and extensions to existing buildings
BE19	New development must improve or complement the character of the area.
BE20	Daylight and sunlight considerations.
BE21	Siting, bulk and proximity of new buildings/extensions.
BE23	Requires the provision of adequate amenity space.
BE24	Requires new development to ensure adequate levels of privacy to neighbours.
HDAS-EXT	Residential Extensions, Hillingdon Design & Access Statement, Supplementary Planning Document, adopted December 2008
LPP 3.5	(2011) Quality and design of housing developments

5. MAIN PLANNING ISSUES

The main considerations are the impact of the proposal on the character of the existing property and surrounding area, upon residential amenity and private amenity space. As the proposal would not involve an increase in the number of bedrooms, parking provision does not need to be considered in this instance.

The proposed extension would have a depth of 2.850 metres and a maximum height of 3.4 metres. Therefore, it would comply with the recommended dimensions as stated within section 3.0 of the Hillingdon Design and Accessibility Statement (HDAS) - Residential Extensions. The siting of the proposal would ensure that it would not be significantly visible from the public domain. As such, it is considered that the design and size of the extension would ensure it would harmonise with the architectural composition of the existing dwelling and have an acceptable impact on the visual amenities with the surrounding area and therefore would comply with Policies BE13, BE15 and BE19 of the

Hillingdon Local Plan: Part Two - Saved UDP Policies (November 2012).

The existing extension at No.20 Sussex Road would exceed the proposed extension by 0.25 metres in depth and as such the extension would have no impact on the occupiers on that property. The proposed extension would be located on the other side of the existing rear element to No.24 Sussex Road and although the existing element's roof would be raised it would comply with HDAS recommendations and as such it is considered the development would not cause significant harm to the residential amenity of any neighbouring dwelling in terms of loss of light, loss of outlook or sense of dominance and as such would comply with Policies BE20, BE21 and BE24 of the Hillingdon Local Plan: Part Two - Saved UDP Policies (November 2012).

It has been considered, that all the proposed habitable rooms and those altered by the development still maintain an adequate outlook and source of natural light. Therefore, it complies with Policy 3.5 of the London Plan (March 2015).

Over 100 square metres of private garden space would be provided for the dwelling following the erection of the proposed extension. Therefore, sufficient private amenity space would be retained for the occupiers of the dwelling, in compliance with Policy BE23 of the Hillingdon Local Plan: Part Two - Saved UDP Policies (November 2012) and HDAS - Residential Extensions.

The development would have an acceptable impact on the visual amenities of the surrounding area and the residential amenity of both neighbouring occupiers and the occupiers of the application site. Therefore, the application is recommended for approval.

6. RECOMMENDATION

APPROVAL subject to the following:

1 HO1 Time Limit

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON
To comply with Section 91 of the Town and Country Planning Act 1990.

2 HO2 Accordance with approved

The development hereby permitted shall not be carried out except in complete accordance with the details shown on the submitted plans, number 3474/01.

REASON
To ensure the development complies with the provisions of the Hillingdon Local Plan: Part Two Saved UDP Policies (November 2012) and the London Plan (March 2015).

3 HO4 Materials

The materials to be used in the construction of the external surfaces of the development hereby permitted shall match those used in the existing building and shall thereafter be retained as such.

REASON
To safeguard the visual amenities of the area and to ensure that the proposed development does not have an adverse effect upon the appearance of the existing building in accordance with Policy BE15 of the Hillingdon Local Plan: Part Two Saved

UDP Policies (November 2012)

INFORMATIVES

1 On this decision notice policies from the Councils Local Plan: Part 1 - Strategic Policies appear first, then relevant saved policies (referred to as policies from the Hillingdon Unitary Development Plan - Saved Policies September 2007), then London Plan Policies. On the 8th November 2012 Hillingdon's Full Council agreed the adoption of the Councils Local Plan: Part 1 - Strategic Policies. Appendix 5 of this explains which saved policies from the old Unitary Development (which was subject to a direction from Secretary of State in September 2007 agreeing that the policies were 'saved') still apply for development control decisions.

2 The Council will recover from the applicant the cost of highway and footway repairs, including damage to grass verges.

Care should be taken during the building works hereby approved to ensure no damage occurs to the verge or footpaths during construction. Vehicles delivering materials to this development shall not override or cause damage to the public footway. Any damage will require to be made good to the satisfaction of the Council and at the applicant's expense.

Standard Informatives

1 The decision to GRANT planning permission has been taken having regard to all relevant planning legislation, regulations, guidance, circulars and Council policies, including The Human Rights Act (1998) (HRA 1998) which makes it unlawful for the Council to act incompatibly with Convention rights, specifically Article 6 (right to a fair hearing); Article 8 (right to respect for private and family life); Article 1 of the First Protocol (protection of property) and Article 14 (prohibition of discrimination).

2 The decision to GRANT planning permission has been taken having regard to the policies and proposals in the Hillingdon Unitary Development Plan Saved Policies (September 2007) as incorporated into the Hillingdon Local Plan (2012) set out below, including Supplementary Planning Guidance, and to all relevant material considerations, including the London Plan (July 2011) and national guidance.

Part 1 Policies:

PT1.BE1	(2012) Built Environment

Part 2 Policies:

BE13	New development must harmonise with the existing street scene.
BE15	Alterations and extensions to existing buildings
BE19	New development must improve or complement the character of the area.
BE20	Daylight and sunlight considerations.

3 You are advised this permission is based on the dimensions provided on the approved drawings as numbered above. The development hereby approved must be constructed precisely in accordance with the approved drawings. Any deviation from these drawings requires the written consent of the Local Planning Authority.

4 You are advised that if any part of the development hereby permitted encroaches by either its roof, walls, eaves, gutters, or foundations, then a new planning application will have to be submitted. This planning permission is not valid for a development that results in any form of encroachment.

5 Your attention is drawn to the need to comply with the relevant provisions of the Building Regulations, the Building Acts and other related legislation. These cover such works as - the demolition of existing buildings, the erection of a new building or structure, the extension or alteration to a building, change of use of buildings, installation of services, underpinning works, and fire safety/means of escape works. Notice of intention to demolish existing buildings must be given to the Council's Building Control Service at least 6 weeks before work starts. A completed application form together with detailed plans must be submitted for approval before any building work is commenced. For further information and advice, contact - Planning, Environment and Community Services, Building Control, 3N/01 Civic Centre, Uxbridge (Telephone 01895 250804 / 805 / 808).

6 You have been granted planning permission to build a residential extension. When undertaking demolition and/or building work, please be considerate to your neighbours and do not undertake work in the early morning or late at night or at any time on Sundays or Bank Holidays. Furthermore, please ensure that all vehicles associated with the construction of the development hereby approved are properly washed and cleaned to prevent the passage of mud and dirt onto the adjoining highway. You are advised that the Council does have formal powers to control noise and nuisance under The Control of Pollution Act 1974, the Clean Air Acts and other relevant legislation. For further information and advice, please contact - Environmental Protection Unit, 4W/04, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel. 01895 250190).

7 The Party Wall Act 1996 requires a building owner to notify, and obtain formal agreement from, any adjoining owner, where the building owner proposes to:

- carry out work to an existing party wall;
- build on the boundary with a neighbouring property;
- in some circumstances, carry out groundworks within 6 metres of an adjoining building.

Notification and agreements under this Act are the responsibility of the building owner and are quite separate from Building Regulations, or Planning Controls. The Building Control Service will assume that an applicant has obtained any necessary agreements with the adjoining owner, and nothing said or implied by the Council should be taken as removing the necessity for the building owner to comply fully with the Party Wall Act. Further information and advice is to be found in "the Party Walls etc. Act 1996 - explanatory booklet" published by the ODPM, available free of charge from the Planning, Environment and Community Services Reception Desk, Civic Centre, Uxbridge, UB8 1UW.

8 Your attention is drawn to the fact that the planning permission does not override property rights and any ancient rights of light that may exist. This permission does not empower you to enter onto land not in your ownership without the specific consent of the owner. If you require further information or advice, you should consult a solicitor.

9 Nuisance from demolition and construction works is subject to control under The Control of Pollution Act 1974, the Clean Air Acts and other related legislation. In particular, you should ensure that the following are complied with: -

A) Demolition and construction works should only be carried out between the hours of 08.00 hours and 18.00 hours Monday to Friday and between the hours of 08.00 hours and 13.00 hours on Saturday. No works shall be carried out on Sundays, Bank and Public Holidays.

B) All noise generated during such works should be controlled in compliance with British Standard Code of Practice BS 5228: 1984.

C) The elimination of the release of dust or odours that could create a public health nuisance.

D) No bonfires that create dark smoke or nuisance to local residents.

You are advised to consult the Council's Environmental Protection Unit, 3S/02, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel.01895 277401) or to seek prior approval under Section 61 of the Control of Pollution Act if you anticipate any difficulty in carrying out construction other than within the normal working hours set out in (A) above, and by means that would minimise disturbance to adjoining premises.

10 You are advised that care should be taken during the building works hereby approved to avoid spillage of mud, soil or related building materials onto the pavement or public highway. You are further advised that failure to take appropriate steps to avoid spillage or adequately clear it away could result in action being taken under the Highways Act.

11 To promote the development of sustainable building design and construction methods, you are encouraged to investigate the use of renewable energy resources which do not produce any extra carbon dioxide (CO2) emissions, including solar, geothermal and fuel cell systems, and use of high quality insulation.

12 You are advised that care should be taken during the building works hereby approved to ensure no damage occurs to the verge or footpaths during construction. Vehicles delivering materials to this development shall not override or cause damage to the public footway. Any damage will require to be made good to the satisfaction of the Council and at the applicant's expense. For further information and advice contact - Highways Maintenance Operations, Central Depot - Block K, Harlington Road Depot, 128 Harlington Road, Hillingdon, Middlesex, UB3 3EU (Tel: 01895 277524).
