Classification: Public

Hello Harry,

We have now assessed the above application against safeguarding criteria and can confirm that we have no safeguarding objections to the proposed development.

However, if a crane is needed for installation purposes? We would like to draw your attention to the following:

Cranes

Given the nature of the proposed development it is possible that a crane may be required during its construction. We would, therefore, draw the applicant's attention to the requirement within the British Standard Code of Practice for the safe use of Cranes, for crane operators to consult the aerodrome before erecting a crane in close proximity to an aerodrome. This is explained further in Advice Note 4, 'Cranes and Other Construction Issues' (available at <http://www.aoa.org.uk/policy-campaigns/operations-safety/>

All crane applications should be sent to Heathrow's Works Approval Team via the following address:

Airside_Works_Approvals@heathrow.com

Kind Regards

Simon Vince

Caution: external email. Unless you recognise the sender and know the content is safe, do not click links or open attachments.

Dear Sir or Madam,

I am writing on behalf of Cornerstone with regards to a proposed base station installation at Sipson Lane, Hayes, Middlesex, UB3 5DS (NGR: 508668, 177703).

Vodafone have identified a requirement for a base station installation to improve network coverage within the surrounding area.

Please find the attached Consultation letter and Drawings in regards to the proposed base station installation for Vodafone at Sipson Lane.

Kind Regards,

Harry O'Connor
